Team Messaging in Game Changer

Coaches, Team Managers, Parents, & Players can send and receive messages directly from the Game Changer app. Game canceled? Practice moved indoors? Need help organizing rides home after practice? Team Messaging makes it easier for the entire team to stay on the same page and up to date with any last minute changes.

Every newly confirmed team member (staff, family, player) is automatically added to the team channel, and anyone who leaves the team is removed. Schedule updates are posted in the team channel. You will also be notified with a push notification when something new is posted.

Coaches and team members are able to message the entire team, certain groups, or individuals within a team.

Team messaging is available inside the app on the bottom toolbar of the home screen. Users must download the app to use the messaging feature. You can also message individual team members from their profiles.
