

KATY YOUTH CRICKET

SENIORS - U16 - HARDBALL

U16 Cricket Excellence Program: Our Premier Cricket Program

Are you ready to take your cricket journey to the next level? The U16 program at KYC is where excellence meets opportunity. As the oldest age group in our KYC family, U16s are prepared to not only participate but excel in major and minor league tournaments. Our comprehensive coaching focuses on refining and perfecting the art of cricket. From mastering advanced batting techniques to perfecting spin and pace bowling, U16 players are nurtured to become well-rounded cricketers, capable of making an impact on any field. Beyond the technical aspects, we emphasize the strategic departments of cricket.

Leadership and teamwork are integral components of the program. Our young athletes learn not just to play the game but to lead their teams effectively. This valuable life skill extends beyond the cricket field, creating tomorrow's leaders.

Join our U16 program today and be part of a legacy that believes in excellence, sportsmanship, & success. KYC is not just a cricket club; it's a launchpad for future champions. It's not just cricket; it's a holistic cricketing journey that prepares them for life's challenges.
