

2017 ANNUAL REPORT

MISSION STATEMENT

"Unifying Tribal Youth and Communities Through Structured Athletic Programs While Providing Necessary Resources and Developing A Strong Foundation In Native Culture, Leadership, and Wellness."

VALUES

Native American Culture, Healthy Lifestyles, Leadership,
Self-Improvement, Personal Growth, Positive Attitudes, and Having Fun

MEET OUR MASCOT

Rez Dogg became ITS' official mascot in 2010. He is the official Health and Wellness Ambassador of ITS and often attends ITS and partner outreach events throughout the service area. This year Rez Dog continued Rez Dog Refreshments and nutrition education throughout our service area.

To learn more about Rez Dog or request a special appearance, visit us at our website, www.intertribalsports.org.

MESSAGE FROM THE PRESIDENT

Haawka! Greetings! (Translation from lipaay 'Aa, the Kumeyaay language)

Inter Tribal Sports was founded on the ideal of providing opportunities for Native Youth. To that end, it is with pride that we welcomed Isaiah Thompson back into the fold this year! A former participant of our youth programs, Isaiah was hired straight out of college to be our Program Coordinator. We are proud to have the former cross country athlete from UC Irvine working for ITS and proudly representing his tribe, the San Pasqual Band of Diegueno Mission Indians. Isaiah is not the first alumnus of Inter Tribal Sports to work for the organization; but he might be the most accomplished. We feel so fortunate to be his first stop in what will surely be a long and illustrious career!

It is more than coincidence that 2017 also saw our Family Fun Run held on the campus of Isaiah's Alma Mater, Sherman Indian High School in Riverside. Over 200 Native Youth participated in a day of healthy activity and education. Our mascot Rez Dogg even came out to show the kids how to do a few fun and vigorous dance moves. Held in late November, this event surely helped everyone burn off a few of those extra holiday calories.

Throughout the year, our Rez Dogg's Refreshments Program provided a platform to educate our community about the benefits of healthy eating and drinking.

BRIAN VANWANSEELE
Board President

Homemade Cucumber Mint Breeze Water was just one of the delicious and thirst-quenching surprises that we provided at a special booth on game days. All free of charge, our treats were gratefully well-received. Early intervention nutrition education in the tribal communities is just one highlight of another great year for Inter Tribal Sports.

Of course our athletic programs are the lifeblood of what we do. Sports is the hook that brings kids and families to us. In serving over 1800 youth in 2017, we achieved some significant milestones:

All in all, 2017 was another great year. We never take our successes for granted or our struggles as anything more than opportunities to learn and grow stronger. It is only by virtue of our enthusiastic communities, impassioned board members, and ancillary friends, that we are able to continue this fun and meaningful work. As you take in our Year In Review, keep in mind that none of this would be possible without people like you!

'Eyaay 'Ehaan, Nyipily Nesoom (Thank You, That's All for Now),

A handwritten signature in blue ink, appearing to read 'Brian Van Wanseele'.

Brian Van Wanseele,
Board President

MESSAGE FROM PROGRAMS

The 2017 year was a year of great accomplishments. Thanks to the effort of 35 different tribal board members, 7 dedicated ITS administrative staff, 9 energetic Site Supervisors, community programs, and tribal and grant funders. ITS impacted over 1100 youth in our athletic, culture, leadership and wellness programs across multiple counties in Southern California!

Through the efforts of these stakeholders, ITS was able to expand its service area and bring in a new organization to the program. Sherman Indian High School (SIHS) is an off-reservation boarding high school for Native Americans that is located in Riverside county. Their students represent over 76 federally recognized tribes from across the United States. All of their students are enrolled members of federally recognized tribes and a majority of their students come from reservations throughout the United States. This new partnership allowed ITS to have the 1st Annual Youth & Family Fun Run at SIHS where we were able to service over 200 energetic community members in a free running event that offered fun games, a DJ, food, and a variety of guest speakers.

Reaching youth from multiple counties and tribes requires great effort and collaboration on many levels not only to deliver sports but culture, leadership and wellness programs as well. The 2017 year brought many successes and memories that will never be forgotten.

None of the above would be possible without the outstanding support of our volunteers, tribal sponsors, grant funders and individual contributors. It is with their generous support that we were able to have many highlights in 2017. There were significant increases in all of our core sports programs. These programs include: basketball, flag football softball, and travel ball, and soccer. One program to highlight out of all the above is flag football due to it having the most participant participation in ITS program history. Although the ITS programs are increasing in participation, we still pride ourselves in providing quality programming to the people we serve

Finally, to the amazing youth athletes and coaches, ITS thanks you and congratulates you for your tireless efforts. The leadership you show on the court and field makes ITS and your tribes extremely proud.

Sincerely,
Program Staff

Inter Tribal Sports

Programs

Athletic Programs

In September 2002 Inter Tribal Sports, Inc. began to offer their first sports program, flag football, to Southern California Native communities. The following year basketball and softball leagues were offered. All three sports were well received by tribal youth and communities and became ITS's core annual sports programs. In 2011, ITS offered a soccer league and their first travel team "All-Star Travel Basketball." The following year ITS started a cheer program "DreamCatchers Cheer". For a time, we also offered volleyball (2012-2014) and soft lacrosse (2014-2015) into our programs. Since the inception of ITS, thousands of Native American youth have participated in over 1,300 ITS teams and counting.

In 2017, a total of 2,024 youth were registered in ITS sports programs, with 1098 individual youth athlete participants throughout the year. The ITS programs: basketball, flag football, softball, and soccer, are divided into four age divisions: D-League (7 and under), C-League (11 and under), B-League (14 and under), and A-League (18 and under). Travel ball determines their leagues after tryouts, while cheer and marathon kids allowed everyone under the age of 18 to participate.

Included in each sports program, ITS offers pre-season coaches and players camps designed to introduce game fundamentals, coaches training, season expectations, rules, practice drills, nutrition education, season schedules and equipment distribution. To close the core seasons, ITS hosts arguably one of the most exciting events to witness, the division championships for A, B, and C-Leagues, where athletes perform at their peak and winners receive a custom ITS trophy and bragging rights for the year. Below and on the following pages is a breakdown of ITS Athletic leagues and programs offered in 2017.

Sport	A-League (18u)	B-League (14u)	C-League (11u)	D- League (7u)	Total Unique Players
Basketball	123	148	204	86	561
Flag Football	90	82	132	N/A	304
Softball	141	159	226	124	650
Soccer	N/A	42	93	75	210
Travel Basketball	25	20	N/A	N/A	45
Cheer	2	10	22	2	36
Marathon Kids	8	9	30	9	56

Basketball

Season: January 6 - March 10

La Jolla

C-League (11u)
Sycuan

DreamCatchers Cheer

Season: January 6 – May 20
Tribes/Organizations: 6 (3 Teams)
Registered Players: 36
Performances: 5

In 2016, ITS introduced the DreamCatchers Cheer program into our leagues. The cheer program is comprised of one large team, made up of different tribes and organizations from our service area, which is unique in our programs.

To have a successful season, ITS relies on coaches and volunteers that are experienced in dance and cheer to help guide the young cheerleaders to perform spectacular routines. Our beloved mascot, Rez Dogg, is also involved in the program as he helps the cheerleaders perform throughout their season. The season runs through our winter and spring sports seasons. Their performances include regular game days, opening days and championships, with special appearances at other events, such as our annual golf tournament.

Season: January – November
Tribes/Organizations: 4
Registered Players: 56

Marathon Kids

To expand our reach, ITS was proud to partner with the Marathon Kids, an organization who has transformed the lives of more than two million kids worldwide. ITS incorporated the Marathon Kids Pilot Program into our current sports leagues by having the youth engage in structured physical activity on a regular basis through team practices and games.

At the end of the Marathon Kids Pilot Program, ITS had the opportunity to put on the 2017 Youth and Family Fun Run event on November 20th at Sherman Indian High School. This event had over 200 people present, which was the largest group gathering in program history for this type of event.

The program and events under Marathon Kids allowed ITS to serve and reach more than 300 youth!

Season: April – August
 Registered Teams: 4 (18u Boys, 16u Girls, 14u Boys, 13u Boys)
 Registered Players: 45 (Boys: 33, Girls: 12)

The ITS All-Star Travel Basketball Team was designed as an opportunity for youth to continue playing basketball during the off season. Travel ball athletes are players tryout and those that display a high level of interest, are willing to put in the work and commitment, and have the desire to develop high level skills to play at a more competitive level are selected. In addition, the Travel Ball Coaches undergo an aggressive application process to ensure youth participants are receiving top notch coaching from individuals who have a strong commitment to tribal communities and high performance sports.

The 2017 year marks the seventh season of the ITS All-Stars Travel Basketball Team. This year's teams consisted of 18U boys, 16U girls, 14u Boys, and 13U boys. In total, 45 youth participated in the 2017 Travel Basketball teams. The teams practiced weekly, played in numerous local tournaments, as well as regional tournaments. Some notable tournaments were the NABI Tournament in Phoenix, Arizona, the 8th Annual May Day Showdown Basketball Tournament and the 9th Annual Summer Fun in the Sun Tournament.

ITS would like to give special recognition to the 2017 ITS All-Star Travel Basketball Team Coaches Joey Masiel, Dan Sletten, Ricardo Macias, and Danielle Robledo and to the parents and players for their commitment to their teams and their tribes through sport. Congratulations on your growth and successes in 2017!

Scholarships

Inter Tribal Sports offered multiple scholarships to participate in the 2017 ITS All-Star Travel Ball teams. Native American youth from the ITS service area in southern California that were selected to participate on an ITS Travel Basketball Team were eligible to apply. A total of \$2,400 has been awarded to 8 inspiring young players.

NAME	AMOUNT AWARDED	TRIBE/TRIBAL AFFILIATION	TEAM
Alex Arellano	\$300	San Jacinto	18u
Alan Aguayo	\$300	San Jacinto	18u
Jacob Duro	\$300	N/A	18u
Thunder Lopez	\$300	Mesa Grande	18u
Michael Patricio	\$300	San Jacinto	13u
Willis White	\$300	Santa Rosa	14u
Dyami Williams	\$300	Cahuilla	14u/18u
Zach Balcone	\$300	Mesa Grande/Santa Ysabel	18u

COACHES & PLAYERS CAMP

In addition to the sports leagues, ITS offered a Coaches and Players Camp that takes place at the start of every season. These camps are designed for coaches and players to learn their appropriate material before coming together at the end of camp.

For the youth portion, everyone is gathered together to hear motivating words from high performing athletes, sport nutrition education, injury prevention, and complete sport specific warm ups and drills for skills. As for the coaches portion, ITS staff goes over all the necessary resources to ensure a smooth and enjoyable season for the coaches. This includes game rules, code of conduct, expectations for the season, drills for skills training, "Rez Dogg Refreshments" nutrition education, specific run conditioning exercises that are sport specific, and most importantly some hands on learning.

Sport	Location	Instructors
Basketball	Pechanga	Keith Vasquez & EXOS; San Diego SOL
Flag Football	Soboba Oaks Facility	USA Football, NFL Network & LA Rams
Softball	Rincon	Monica Fenton
Soccer	Barona	The Kicking System
DreamCatchers Cheer	Pechanga, Soboba Oaks Facility	Monica Perches, Amanda Clemmons, Venessa Brown, Angelina Renteria

CULTURE

As one of the three pillars of enrichment identified in the ITS mission, Native culture is certainly what sets ITS apart from other youth service organizations. ITS is always seeking out new and innovative ways to authentically and respectfully implement cultural aspects into our programs and services.

This year, the sports programs were able to incorporate bird songs and traditional dancing into our game days. Having these traditions incorporated into our sports programs, allows ITS to help provide a strong foundation in Native American culture to our communities and youth.

WELLNESS

In 2017, ITS continued to place an emphasis on community outreach and providing nutrition support to new and existing partners. ITS focused on providing sports nutrition on game days, coaches and players camp, and outreach events. The Rez Dogg Refreshment Nutrition Program impacted many youth and community members throughout our service area this year.

Journey To Wellness

Journey to Wellness was a full day event at Indian Health Council on April 12, 2017. Over 260 people of all ages participated at this event. ITS was asked to help with the registration table, give out water at the water station, and help motivate walkers to continue onward. Before the walk began, our executive director, Angelina Renteria, was able to speak a few inspirational words. Overall, it was a beautiful day, and everyone had a fun time.

La Jolla Earth Day

La Jolla Earth Day was on April 8, 2017 with over 560 people of all ages showing up. ITS was asked to set up our ITS booth which was full of activities for all ages.

Rez Dogg Approved Tribal Snack Bar Partnerships

ITS continued to make a positive impact through collaborations with tribal host sites. The ITS Wellness team and volunteers provided free healthy snacks, including a selection of healthy lean proteins, fruit and vegetables, and a variety of natural beverages: water, coconut water, and infused water. Rez Dogg was proud to see so many ITS athletes fueling up with healthy snacks and drinks before, during and after games.

Drop Sugary Drinks

Under the Rez Dogg Refreshment program, we have officially incorporated the Rethink Your Drink Campaign, changing the name to Drop Sugary Drinks. This platform will allow ITS to continue to educate our youth and community to healthy non-sugary drink alternatives and provide samples at no cost during game day and events.

GROUP OUTINGS

The tradition of ITS providing Native American youth with opportunities to connect socially and to be inspired by witnessing athletes playing at the highest levels continue in 2017.

Billy Mills Speaking Engagement

Billy Mills Speaking Engagement: Inter Tribal Sports was invited to Billy Mills Talk at the University of California San Diego campus on Monday, November 13th. ITS Board members, staff and their families were able to hear Billy Mills talk about his experience. Billy Mills is former track and field athlete who won a gold medal in the 10,000 meter run at the 1964 Tokyo Olympics, becoming the only person from the United States to win the Olympic gold in this event. His 1964 victory is considered one of the greatest Olympic upsets, because he was a virtual unknown going into the event.

SDSU Native N7 Night

Inter Tribal Sports Board Members Inez Pojas and Joey Masiel were recognized at the SDSU Basketball's Native American Heritage Night. The recognition was for their exemplary service and commitment to volunteerism in our community. Though only two members were able to be on court, really, they represent an entire Board of Directors that are committed to the youth and people throughout Native American lands.

On this night the Aztecs wore the turquoise N7 Jerseys as a symbol of Native American Heritage. "The customized uniforms are part of the Nike N7 project, created in 2009, the company says, "to use sport for social change in Native and Aboriginal communities throughout North America." The first team to wear the turquoise was Oregon State in 2010, when the Beavers had Joe Burton, a 6-foot-7, 288-pound forward who was born on the Soboba reservation and starred at West Valley High in Hemet." (The San Diego Union Tribune).

COMMUNITY OUTREACH

ITS looks forward to sharing our mission and promoting our programs with our neighboring communities. We welcome any opportunity to share information about our organization and to support events put on by our partner organization and member tribes. In 2017, we conducted 13 community events put on by different tribes, native organizations, and health clinics.

Outreach Events

- Motivational Interviewing (Last class)
- 1st Annual Chair Volleyball
- Sherman Class Presentations (Girls)
- Viejas Outreach
- Sherman Class Presentations (Boys)
- La Jolla Outreach
- La Jolla vs Pala Scrimmage Game @ La Jolla
- Travel ball Basketball Tournament
- Welcome to Sherman Assembly
- Soboba Outreach
- Presentation & Outreach at Campo
- "Halloween Event" at Indian Health Council
- Rincon Trunk or Treat
- Turkey Bowl at Soboba

PARTNERSHIPS

Community engagement and partnership is essential in ensuring the ITS vision and mission are in line with the needs of the youth, community and tribal organizations that we serve. ITS works closely with like-minded local, regional and national partners and experts in the industry to nurture mutually beneficial relationships and to create a growing impact on the communities we serve.

ITS cannot thank our community and business partners enough for their support and collaborations. All our partners below have been instrumental in ITS's ability to positively impact the lives of those we serve.

Game Day and Events Locations

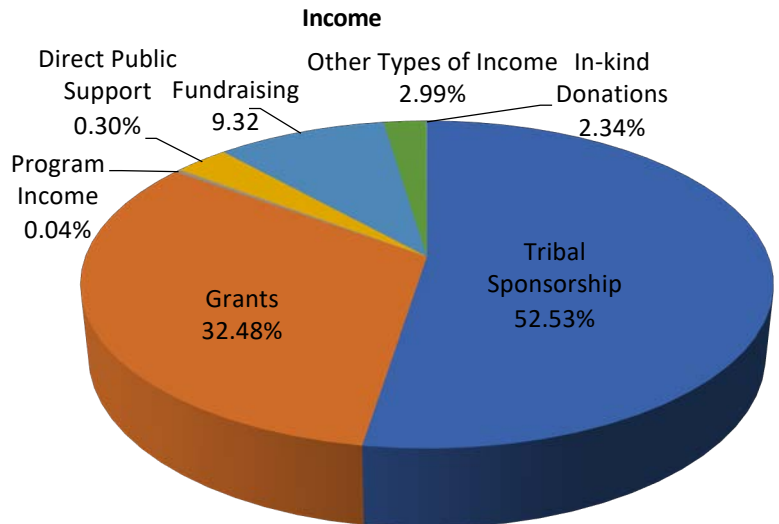

Other Partners

FUNDING SOURCES

Inter Tribal Sports brought in \$488,314.04 in revenues in 2017. Tribal sponsorship makes up 52.53% of the funding. Grants provided 32.48% of our revenue this year. Personal donations of 0.30% were given. Fundraising activities 9.32%, program income 0.04%, In-kind donations and other income 5.33% made up the remainder of funding. Collectively, these sources allowed ITS to continue to provide impactful programs and services to the Native American communities of southern California.

TRIBAL SPONSORSHIP

Direct support from ITS' member tribes has consistently accounted for slightly more than half of annual revenues. Requests for sponsorship are made to all member tribes and tribal organizations on an annual basis. In 2017, \$256,500 was received by ITS from 6 different tribal sponsors. All funds received from tribal sponsors are reinvested directly back into the communities in the southern California service area by supporting programs and operations. Sponsors that contribute at the Gold and Silver Arrow levels not only cover the cost of youth participating from their own communities, but also support youth participation from other communities throughout the region.

Platinum Arrow (\$100,000)

Barona Band of Mission Indians (8 Years)

Silver Arrow (\$50,000)

Pechanga Band of Luiseno Indians (9 Years)

Viejas Band of Kumeyaay Indians (5 Years)

Southern California Tribal Chairmen's Associations (2 Years)

Tribal Donors

San Pasqual (\$5,000)

Cahuilla Casino (\$1,500)

GRANTS

Grant funding accounted for 32.48% of total revenues in 2017. A total of 5 grants were awarded or active in 2017, supporting our sports leagues, wellness initiative, and general operations. ITS is always seeking funding sources that align with our mission and will help us build a brighter future for the communities.

Nike N7 Fund

For a seventh consecutive year, ITS was awarded a grant from the Nike N7 Fund in the amount of \$150,000 for 3 years. This grant supports our athletic program (i.e. outreach, uniforms, supplies and equipment), a creation video, and some administrative expenses. The grant will conclude in June 2020.

Marathon Kids Program

The Marathon Kids Program came to ITS through the Nike N7 partnership with a grant award in the amount of \$10,000. This grant supports a pilot run program to be integrated into existing ITS sports curriculum. Youth are rewarded for their mileage with Marathon Kids rewards for every marathon milestone they reach during their seasons. This grant will conclude in February 2017.

San Manuel Band of Mission Indians

The San Manuel Band of Mission Indians invested in ITS in 2017 with a grant of \$72,080 for the continued support of our wellness and outreach initiatives including a full-time Wellness and Program Coordinator, food and snacks for opening and championships, an outreach vehicle, program incentives, new canopies and office supplies. The grant will conclude in March 2018.

Notah Begay III Foundation

The NB3 Foundation awarded ITS a Strengthening Community Knowledge Mini-Grant in the amount of \$5,000. This grant supported a unique project that brought an advance leadership concept, Motivational Interviewing, to the youth of ITS. This project helped supported the facilitation of educating youth regarding special techniques used to elicit positive behavior change. This grant concludes in February 2017.

The NB3 Foundation also awarded ITS a “Drop Sugary Drinks!” Grant in the amount of \$40,000. This grant supported incorporating a new program under Rez Dogg Refreshments, which allowed ITS to outreach and educate the importance of healthy food and beverage choices. This project also helped buy ITS branded incentives, healthy beverages, light meals and snacks on game days, a Rez Dogg canopy, and much more. This grant will conclude in May 2018.
