The Carolina FC Youth Development Program is an exciting soccer program which ensures every child has fun while developing soccer and physical literacy skills. YDP is a progression from our recreation program towards the CFC academy and select programs. The YDP program uses soccer as a vehicle to develop social skills and core values such as sportsmanship, teamwork, fair play and respect. The program format ensures all children are actively engaged and involved throughout every one-hour session. All sessions are developmentally, age & stage appropriate through the use of small sided games and activities. Professionally licensed coaches will run sessions to ensure players can reach their level!
