

Protected Player with Sponsorship

For each team that brings in a sponsor who donates \$300 or more, will receive one protected player as an automatic draft pick.

The rules are as follows:

- The sponsor must donate at least \$300 or more. A manager/coach may sponsor their own team, but the same rules apply.
- The money and completed sponsorship form must be turned in on or before draft day.
- Only one protected player is allowed per team no matter how many sponsors are brought in.
- The protected player form must be signed and approved by parents and in hand on draft day.
- If you do not have a player you would like to protect in advance and you have a sponsor, you may talk to the parents at tryout and get approval.
- On draft day the protected player will be placed on to your team at the beginning of the draft.
- If there are brothers/sisters to your protected player, they must be drafted on your team in the 3rd round of draft.

Fort Des Moines Little League
