

Dear Northern Little League Supporter,

Once again, the boys and girls of Northern Little League are asking for your support. Northern Little League is a non-profit, tax exempt organization that relies solely on registration fees, community sponsorship and fundraising to cover the cost of equipment, insurance, facilities, umpires and field maintenance for the entire league. We are dedicated to building character, courage and loyalty by providing a fun, safe and competitive playing environment to baseball and softball players in our area.

Northern Little League requires support from the local community and we need help from you! A custom banner is the perfect way to show your support for Northern Little League. The banners are printed on high quality 13 mil white vinyl with your design in full color. Printed locally in Columbus by a family owned business. This is a great way to provide advertisement for a business, team support or a personal message to a player. These banners will be hung on the field(s) of your choice. These banners will be hung March 7, 2026- October 2026. Please note that all donations for signs are tax deductible.
