Introduction

Welcome to Touchdown for Tots and thank you for volunteering your time. Participation in athletics plays a valuable role in the development of children. Aspects of teamwork, dedication, discipline, physical fitness, self-esteem, and fair play all contribute to the overall growth and maturation of young people. We take this responsibility seriously and want to share with you our guidelines and philosophies that will make this program a truly special experience for our participants and their families.

This guide is a weekly schedule including warm-ups, drills, games, and weekly character traits. No week is the same, so it is important to use the guide each week for practice. We have provided a schedule for each week with estimated times to be spent on each drill. The times are estimates and you may finish a drill or game quicker than we planned. If this happens, please move on to the next drill and make sure each drill is completed during the practice.

This guide also includes our How to be a Good Sport program. Each week you will have a new character trait to focus on during the practice. We provided definitions, examples of how to introduce the trait, and for some practices, games that enforce the trait. The program covers five traits that lead up to the last week where sportsmanship will be covered. Each character trait is a small piece of learning sportsmanship and we hope this program starts to create good sports at a young age.

If you have any questions or concerns throughout the season, please email info.mi@nationalflagfootball.com.

Thank you for volunteering your time to be a coach and we hope you have a great season!

Coaching Reminders

Fitting Flags: **YouTube Video – Shuffle Pull** – <https://youtu.be/OGx9kYuldfw>

-The times that are listed throughout the packet are estimates. You may get done with a section earlier than noted, but please make sure to accomplish everything in the weeks provided.

-This is a guide for you as a coach to use, if you know of a better drill or skill that could be beneficial for your players, please feel free to do so.

-The last week of the season your team will have a scrimmage against another team.

-The t-shirts and flag belts are for the players to keep at the end of the season

-Every week we will send out an email to both the coaches and the players regarding the information that was reviewed that previous weekend.

-HAVE FUN!!!

-For any questions, please email info.mi@nationalflagfootball.com

Important Information Throughout the Document

TWO MINUTE WATER BREAKS

-This is crucial for the youngest players to take frequent water breaks. Please make sure everyone is drinking water.

COACHING TIPS

-Throughout the packet, there will be coaching tips labeled. These are not required; however, we have found these useful in the past.

YOUTUBE VIDEOS

-Please reference our YouTube channel for additional information regarding drills, plays, and skills. We have pulled some drills and skills directly from our library and put links in where applicable. We understand that sometimes it may be easier to view them before recreating it out on the field.

How to be a Good Sport

This aspect of the program teaches players how to be good sports both on and off the field. Each week there will be a new character trait to focus on. These traits will lead up to the last week of the program and this is where the Sportsmanship trait will be discussed. The goal is to use each trait to build a well-rounded 'good sport' who does things like help set up, encourages teammates, and follows rules.

During the team and parent huddle after each practice, you will hand out a sticker to each player for completing the character trait that week. The stickers can be put on the player's flags so they can show them off. At this time, remind the players the importance of the trait and ask them to do something during the week to show what they learned. They can share this trait at the beginning of the next practice.

Each week do a quick review of the trait from the previous week before introducing the current trait. At this time, you should ask anyone if they missed last practice. If they did, please give him/her the sticker from last week.

During week 6, the last week, please review all 5 traits that were learned during the season. This will act as an introduction into the last character trait 'Sportsmanship'. All 5 of the first traits are a part of sportsmanship. At this time, emphasize the importance of being a good sport during the scrimmage.

Week 1: Teamwork

Week 2: Encouragement

Week 3: Fairness

Week 4: Helpfulness

Week 5: Respect

Week 6: Sportsmanship

Notes:

-Stickers will be handed out at coaches meetings and will be available at the Directors booth at the field the first week

-Try to keep every player at the same number of stickers

-Pass stickers out at the end of practice when parents are present

Positions

These are the most common positions for flag football. Please accommodate your team as fitting. These are just recommendations. Go over positions with your players during plays.

Offense

Quarterback

- Responsible for the beginning of every play, and initiating the QB/Center Exchange
- Distributes ball to either the running backs/wide receiver/center etc.
- Has a 7-second pass clock to get rid of the ball
- Is only eligible to receive a pass or handoff IF and ONLY IF the ball has been handed off behind the line of scrimmage first

Running Back

- Responsible for taking the hand offs or going out for a pass
- If they did not receive the ball on the play, they are responsible for distracting the defense by following the arrow in the play and acting like they will be getting the ball

Wide Receiver

- Responsible for catching passes thrown to them by the QB
- If they did not receive the ball on the play, they are responsible for distracting the defense by following the arrow in the play and acting like they will be getting the ball

Center

- Begins the start of every play through the QB/Center Exchange. THE BALL MUST BE SNAPPED BETWEEN THE LEGS.
- Is eligible to receive a handoff or pass by the QB as long as it is a CLEAR exchange from the center to the QB
- If they did not receive the ball on the play, they are responsible for distracting the defense by following the arrow in the play and acting like they will be getting the ball

Optional Receiver/Running Back

- Depending what type of offense, the coach wants to run will determine your 5th player's position.
 - Please see above for position responsibilities.

- Interceptions are not allowed on ONE WAY fields

Defense

- Defensive players cannot pass the line of scrimmage until the ball is handed off.
- All defensive players must give the offense a one-yard cushion prior to the snap of the ball.
- Usually a defense runs a 2-1-2 zone. Typically, there are 2 Corners, 1 Linebacker and 2 Safeties.

Linebacker

- Lined up 3 to 5 yards behind the defensive end
- Responsible for the optional player #5 (usually a running back) to pull his/her flags

Corner

- Lined up on either outside receivers'
- Responsible for making sure the receiver does not catch the ball, if he/she does they are responsible to pull the receivers flags.
- Also, responsible to grab the running backs flag if the DE or LB do not get them first.

Safety

- Lined up in a triangle formation with the corners. Generally, the last line of defense.
- Not allowing receivers to run past them for a catch
- If no other defenders have pulled the offenses flags, they are technically the last man standing to stop the play

Corner #2 and/or Safety #2

- See above

Character Trait of the Week: Teamwork

This week during stretches, talk to your players about working as a team to reach goals and why it's important to use teamwork over doing everything themselves. During Capture the Flag, emphasize teamwork by getting everyone to play a role either capturing the opponent's football or guarding their football.

Team Huddle (10 min)

Welcome Players

- Greet – Introduce coaches
- Pass out flag belts and t-shirts
- Fit Flag Belts and label them with the child's name
- Remind parents they need to stay for practice. The more parent involvement the better!
- Encourage – Reinforce that everyone is there to learn, and it is okay to make mistakes
- Enthuse – We are here to try hard and to have fun!

Introductions

Getting to Know You Game

- Sit in a circle
- The coach starts with the ball and says his name. He will pass the ball to a player in the circle and ask a question (Ex: What is your favorite _____?). The player will say, "My name is _____, answer the question". They will then pass the ball to someone else in the circle. That person will say "My name is _____ and answer the questions". This continues until everyone has had a turn.

Teach Rules

- Listening during instruction.
 - Coach Tip: Use a whistle during drills teach the players that one whistle means go, 2 whistles mean stop.
- No tackling
- Keeping hands to yourself
- Trying your best & supporting your team
- Allow players to ask any questions they may. Be positive and energetic as you interact with your players.
- Any other coach's instructions you may have

Warm-Ups (10 min)

Coaching Tip: During Stretches have your kids count as loud as they can

Cardio Warm Up

- Light short jog
- Circle up and as a team complete 10 jumping jacks
 - Rest and repeat jumping jacks 1 more time.

Hamstring Stretch

- Players place feet together
- Reach their hands to their feet with their legs remaining straight
- Hold this position to the count of 10
- Rest and repeat 2 more times.

Quadri-cep Stretch

Coaching Tip: Have players partner up and hold onto one another's shoulder

- In standing position lift and bend the right leg, grab it with the right hand.
- Gently press the foot toward the body until you feel the stretch in the front of the thigh. Hold for 10 seconds.
- Repeat with the left leg
- Rest and repeat 1 more time on each leg.

Red Light, Green Light (Reinforce Listening & Speed): If you are using the whistle system replace “green” with one whistle and “red” with two whistles in the directions below.

- All players line up on the sideline. The coach (stop light) will stand about 15 yards away from the sideline.
- The stop light faces away from the line of players and says, “green light”. At this point the players can move towards the stoplight.
- At any point, the stop light may say “red light!” and turn around. If any of the players are caught moving after this has occurred, they are out.
- Play resumes when the stop light turns back around and says, “green light”.
- The stop light wins if all the Players are out before anyone is able to touch him/her.
- Otherwise, the first player to touch the stop light wins the game and earns the right to be “stop light” for the next game.

2 Minute Water Break

Skills (15 min)

Center Quarterback Exchange

- Set up a 5 x 5-yard area. Divide teams into even groups and place in even lines. Place cones in middle of drill four yards apart. One football per team
- Show the players how the center is supposed to be positioned
 - Ball on the ground and in between the center’s legs
- The quarterback (A) and center (B) on each team start the drill
- The center (B) snaps directly to the QB (A). The center will stand still while the QB runs to the next cone.
- The previous (A) snaps to (B), then (B) snaps to (A) and so on, until course is completed.
- The drill is continued until each participant gets a turn.

Hand Offs (Bread-Basket Technique)

Reference YouTube Video: [How to Handoff a Football](#)

- Use the 10 x 10-yard area, either keep the same teams from the Center Quarterback Exchange or create new ones. Place in even lines across from one another outside of the cones.
- Assign a line A and B. Have line A start with the ball and have the first player run out to the middle of the coordinate with the ball out to their left-hand side meeting a player from line B.

- As Player A and B meet in the middle, have player B open their arms (Left hand across their chest with their palm facing down. Right hand across the players belly button with their palm facing up towards the left elbow.)
- Once line A places the ball into line B's arms, have player B close their arms and continue to run towards line A. Once player B meets line A, he/she will then hand the ball off to line A (where their left hand is across their chest with their palm facing down. Right hand across the players belly button with their palm facing up towards the left elbow.)
- Repeat until every player has handed off the ball, and received the ball using the bread-basket technique.

Capture the Football

Objective: to steal the others team football and bring it back to your side. (your team's football must still be on your side of the field for the score to count).

Equipment needed: 2 footballs, flag belts, cones to mark field boundaries, and hold the football.

How to play: Divide the players into two teams and have them go to their side of the field. Some will want to play defense to protect their football, and some offense to steal the other team's football. The offensive players must run over to the other side in order to attempt a football steal. Once in possession of the ball, the player must then make it successfully back to their side before their belt is pulled. If pulled, the football is returned, and that player must return to their side of the playing field. The football can either be ran back or thrown to other teammates to make it over the line. If thrown, a teammate will need to make a successful catch, or the ball is returned to its base. Each successful football capture results in a point. The team with the most points at the end of the game time wins.

Rules: The players must stay outside the box of cones around their own football when playing defense. See diagram for an example.

Team Huddle (3 min)

- Gather parents and players into a huddle
- Review skills, drills, and teamwork trait that were taught that day
 - Coaching Tip: Here is a great place to ask the players if they had fun today and if they had any questions.
- Remind parents of next week's practice time and the best way to contact you in case their child cannot make a week
- Collect flags so you have them for next week's practice
- Ask the parents if they would be interested in a snack rotation
- End with a team chant
 - Example: Tell your players to put their hands in the middle, and on the count of 3 yell really loudly "GO TOTS!!!" or "GO TEAM!!!"

Examples of this would be saying “you’ve got this!”, “nice job!”, or high-fives and clapping. Make sure to continue encouraging the players during practice yourself. They are here to have fun and learn, encouraging them could take away some pressure. During the relay races, make sure teams are cheering on teammates.

Review of Past Traits and Sportsmanship

This week during stretches, review the character traits learned in past weeks. Teamwork, encouragement, fairness, respect, and helpfulness are all aspects of sportsmanship. Good sports play fairly, respect coaches and officials, and they cheer on teammates. Emphasize that the players will be able to practice all these traits during the scrimmage.
