Attachment A

Peters Township Parks & Recreation Department Philosophy of Youth Sports

Philosophy of Youth Sports and Activities:

Playing Time...The emphasis of recreation activities for youth should be on fun and exercise. Therefore, it is recommended that all participants be given playing time during both practice sessions and games while striving toward a goal of equal playing time for players.

Winning...Winning should be viewed as a by-product and a secondary consideration coming as a result of equal playing time for all participants involved in "in-house" activities. (See note on winning related to tournament teams.)

Seasons...While it is recognized that the number of recreational sports activities offered in the township makes it impossible to have totally separate seasons, nevertheless, it is hoped that every effort will be made by the various associations, coaches, and parents to work in cooperation to avoid overlap when possible. It is recommended that games be given priority over practices when a conflict between the two exists. Also, coach should not penalize a youth for selecting to attend one practice session over another.

Awards...Awards such as certificates, t-shirts, hats or other trophies presented to all participants are considered appropriate and acceptable. Awards given to only winning teams or individuals are strongly discouraged.

Uniforms...whether uniforms are provided by an association or bought by the parents of participants, it should be remembered that the primary goal of all programs is to afford each boy or girl an opportunity to participate and have fun. Therefore, uniform cost should be kept to a reasonable amount. A t-shirt or a reversible jersey may be a suitable substitute for full uniforms if cost becomes an issue.

Practice Schedules...Coaches should carefully consider practice for youth keeping in mind the age of youth. Both excessive length and number of practices per week can lead to early "burnout." Skill practice is important but having fun is also an important part of the program. There should be a balance between the time devoted to practice and to games.

Fundraising...although fundraising events may be necessary from time to time, it is recommended that the participation fee be set that will cover the reasonable and necessary costs of league activities.

Fees...Each association should develop an annual budget that specifically details its proposed income and expenses. Participation fees can then be devised.

All-Star/Tournament Teams...although these teams operate within the Peters Township recreation structure, it is recognized that the coaches of these teams may place added emphasis on winning. Playing time for participants will be a coaching decision. It is, however, strongly recommended that the selection of players for these teams be done in a just and fair manner such as tryouts. The selection process as well as the time, travel, and financial commitment should be announced prior to the season.

Youth Officiating...Allowing qualified youth to officiate provides them with an opportunity to see a sport from a different angle and can be very beneficial. It is important that youth serving in this position be well trained and not assigned to games beyond their maturity or abilities. Concerns voiced by parents or coaches should be considered but should not cause this program to be dropped.

Team Composition...In order to achieve a spirit of fair play among all teams involved in league play, it is important that the league strive to have "balanced teams," that is, teams having players of approximate equal playing ability. Having players tryout prior to the start of a season in front of coaches can provide an excellent opportunity for coaches to evaluate players before selecting their teams. All teams should be comprised of only township residents.

Playing Positions...It is recommended that coaches provide players with opportunities to play various positions over the course of a season. It is understood that safety factors must be given consideration in fulfilling the concept.

Rules...It is recommended that playing rules be handed out prior to the start of any activity and that any changes be communicated to parents and participants by newsletter, flyers, or handouts at registration.

Behavior...Spectators, parents, coaches and participants are all expected to conduct themselves in a respectable manner. Unacceptable behavior should not be tolerated and could lead to ejection.

Disciplinary Action...Any disciplinary action taken by an association against a player or coach should be consistent with the by-laws. In cases going beyond the scope of written rules, good judgment and common sense must prevail.

Registration Deadlines...In order to run well-organized activities, it is necessary to have specific deadlines for registration. However, when possible, it is recommended that allowances be made for late registration prior to team selection. An additional fee for late registration is acceptable.

YOUTH EXEMPLIFYING SPORTSMANSHIP — Y.E.S. Initiative

Peters Township Park and Recreation Department

Philosophy and Goals for Youth Sports Programs

All youth sports programs under the auspices of the Peters Township Park and Recreation Department will adopt this statement of goals and philosophy as an amendment to their bylaws. The Peters Township Park and Recreation Board of Directors feels strongly that the purpose of its **recreational** sports programs is to encourage and develop in children a love for sports in a safe and positive environment, while teaching skill development, teamwork, and sportsmanship.

The 3 major goals of **recreational** youth sport programs are:

- (1) To address the physical, social and emotional developmental needs of children.
- (2) To encourage participation in sports as a means to developing a healthy lifestyle, learning sportsmanship and having fun.
- (3) To learn and master the fundamentals of the game. Learning and participation are to be emphasized over winning.

In order to achieve these goals, all **recreational** sports programs will:

- (1) Encourage equal playing time among players.
- (2) Encourage coaches to teach players multiple positions and to give players the opportunity to try different positions within the game format when feasible.
- (3) Teach positive coaching techniques to coaches. Negative criticism is inappropriate for young children. Positive coaching builds self-esteem and team spirit.
- (4) Forbid stacking of teams. Competition must be fair so that everyone can experience the learning that comes from winning and losing.
- (5) Insist that all coaches, parents and players model good behavior at all times demonstrating their adherence to the following "Sportsmanship Code of Conduct".

Sportsmanship Code of Conduct

- I will abide by the rules of the game.
- I will offer encouragement not criticism to players and coaches.
- I will accept judgment calls of game officials.
- I will show respect for the effort of both teams.
- I will accept winning without gloating and losing without complaining.
- I will respect everyone's right to play.
- I will acknowledge that all members of the team, parents, coaches and players, share equally in the responsibility to promote good sportsmanship.

Peters Township Parks and Recreation Department Sportsmanship Pledge

The goal of the Peters Township Parks and Recreation Department and board of directors is to insure that its recreational sports programs encourage and develop in children a love of sports in a safe positive environment, which teaches skill development, teamwork, and sportsmanship. It is therefore essential for parents, coaches, and officials to encourage youth athletes to embrace the values of good sportsmanship. Moreover, adults involved in youth sports events should be models of good sportsmanship and should lead by example by demonstrating fairness, self-control and the core values of Peters Township, those of honesty, responsibility, and respect.

Peters Township Parks and Recreation Department Guidelines for Enforcement of the Sportsmanship Pledge

Philosophy: Merely teaching and preaching about the ideals of sportsmanship and good character represented by the Y.E.S. and Character Counts initiatives is not enough. It is essential that the leaders in the community and youth/recreational sports associations demonstrate courage and firmness in consistently holding coaches, board members, athletes, parents and others to those expectations.

The Sportsmanship Pledge is a document that establishes clear conduct expectations for coaches, board members, athletes, parents, spectators, and others. The Participant Sportsmanship Pledge must be signed by at least one parent of a player, and all coaches, managers, and board members prior to the start of the season, ideally at registration. It is the responsibility of the youth/recreational sports associations to maintain a file of the signed documents; the Parks and Recreation Department shall be provided copies of the documents. Failure of an individual to sign the Participant Sportsmanship Pledge does not exempt the individual from receiving consequences for non-compliance.

Since behavior patterns are strengthened by both positive and negative consequences, the following guidelines have been developed to assist the Peters Township Parks and Recreation Department and its youth/recreational sports associations in enforcing the community goals of sportsmanship and good character.

GUIDELINES FOR DETERMINING CONSEQUENCES

- Reward good conduct and personal development by positive recognition. Firmly discourage bad behavior by immediate correction and prompt discipline.
- Verbally praise model behavior and correct misbehavior as often as possible with both athletes and coaches.
- Recognize athletes and coaches who demonstrate exceptional sportsmanship and character after games and in post-season awards.
- Make demonstrating good character and sportsmanship a requirement for coaches and a factor in playing time (e.g. players who violate conduct expectations should be removed from games regardless of the competitive situation).
- Approach parents and spectators who fail to meet expectations. Communication might include private meetings, letters, announcements, warnings and ejection from games or practices.
- Enforce the policy—which is immediate ejection from the event and a minimum of one year or season suspension (as a spectator, coach or board member) for the following behaviors:
 - physical abuse of or threat to do bodily harm to a player, coach, referee, official, spectator, or volunteer
 - possession of alcohol or illegal drugs at games or practices, regardless of location.
 - after an individual is sanctioned three times in one year for verbal abuse or harassment.The enforcement of the policy may necessitate the involvement of the police and/or judicial consequences.
- Determine appropriate disciplinary action alone or in any combination for other documented violations such as: verbal warning, written warning, suspension, removal from premises, removal from league, suspension from coaching or leadership activities, exclusion from attending one or multiple events, completion of an anger management program.

The appropriate youth/recreational sports association coach or president must address problems that result in failure to adhere to the Sportsmanship Pledge. The inability of the youth/recreational sports association to determine and implement the appropriate disciplinary action, or an incident involving an association board member, officer, or commissioner of a youth/recreational sports association may require the involvement of the Parks and Recreation Department staff. Enforcement of the policy must be reported to the Peters Township Parks and Recreation Department staff within five days. Failure of a youth/recreational sports association to implement the consequences will result in loss of fields or facilities.

APPEALS

Child Abuse History No appeals will be permitted for offenses including child abuse history

Criminal Background Check The Peters Township Manager will make a determination regarding any Criminal Background Checks that come back with an offense history. The Peters Township Manager shall determine whether or not an individual's prior criminal history will prevent him or her from being involved with a children's group or association sponsored by the Township's Park and Recreation Department. In making such determination, the Manager shall determine whether there has been an act or violation that impacts the health, safety and welfare of children, including, but not limited to, those offenses listed above. The Township Manager will notify an individual if he or she is not approved. The Township Manager will offer the individual an opportunity to explain if he/she feels there is any reason he/she should be considered for approval (i.e. rehabilitation) and provide clear and convincing evidence. Individuals who have been denied approval have the right to appeal.

If the individual wishes to appeal the Township Manager's decision he/she must request to address the Park and Recreation Board. The individual will need to contact the Park and Recreation Director and request to be put on a meeting agenda and provide the explanation along with clear and convincing evidence why he/she feels that he/she should be considered for approval.

The individual's personal information (i.e. name, address, phone number, etc.) will not be included in any documentation that can and/or will be made public (i.e. letters, emails, faxes, etc.). The Park and Recreation Director will inform the individual the time, date and location of the meeting and brief him/her to provide in advance or bring documentation to the meeting proving rehabilitation, counseling or any other (clear and convincing) evidence that they would like to present as to why the Board should decide to recommend the decision for non-approval be changed. The Board may request that the Township Manager attend the meeting.

The Board will be given documentation (minus personal information) of the individual's record that led to non-approval and any advanced documentation that the individual may have provided. The Board may recess into executive session during the meeting to discuss the issue (no decisions may be made during executive session). The Board may request that individual be a part of some or all the executive session. The Board will then make a decision once they reconvene from executive session into the public forum.

Decisions may include:

- Recommend the decision for non-approval be changed
- Uphold the decision for non-approval
- Request more information and forward to a future meeting agenda

There is no appeal beyond this measure. Denial for Child Abuse History Clearances cannot be appealed.

CONFIDENTIALITY

Even though adult criminal records are public information, information received during the background process will only be shared on a “need to know” basis.

COST OF BACKGROUND CHECK (as of the date of revision)
