

2022 All-Star Season Information

Scripps Ranch Girls Softball League has a highly successful and competitive All-Star program. Our All-Star teams are designated USA Softball Class "B," which is the highest designated level for Recreational Leagues. Our All-Star program has competed for more than 20 years throughout the county and the greater Southern California area. We pride ourselves on our high retention rate and our great reputation throughout San Diego.

Scripps Ranch Girls Softball will form at least one, and sometimes two, three or four, All-Star Tournament Teams in each age division. The top/gold level team, called "SR Falcons," will have a league elected board approved manager, the second/silver team will be called "SR Hawks," will also have a board approved manager. A third/bronze team "SR Condors," will be considered if there is sufficient talent, pitching and coaching available. Teams typically roster between 10-13 players, but is based on need/situation and could vary.

All Girls in the league who participated in at least 75% of their recreational games are encouraged to try-out for All-Stars. Team coaches will know if a player is eligible.

This year tryouts will be held **Sunday, May 1st at Cypress Canyon Park (arrive 15 mins early to warm up)**

8U 9:00-10:30pm

10U 10:30-12:00pm

12U 12:00-1:30pm

14U 1:30-3:00pm

The All-Star season lasts from early May through June, and possibly into July.

All-Star softball requires significant time commitment. Teams may practice three to four days per week. Tournament games run from Friday through Sunday, usually every weekend. Teams will play multiple games on Saturdays and Sundays, sometimes three or more per day.

The cost per player to play on a 2022 All-Star Team will be approximately \$550 for Gold and Silver. The cost includes required uniforms and Tournament fees. This does not include the cost of team incidentals ("slush" fund) or travel arrangements for out of area tournaments (Irvine and possibly states).

The All-Star commitment may seem daunting, but there are many rewards for coaches and players involved in All-Star Tournament Teams. The girls are able to experience a highly competitive level of play with players of their own ability. They continue practicing and playing into June or later depending on the team, therefore developing advanced softball skills and knowledge. Most importantly, most girls develop a deeper love of the game and friendships that will last well past their time in our league.

Tournament Selection and 2022 Tournament Schedule

The Scripps Ranch Board of Directors pre-selects the summer All-Star Tournament schedule. The All-Star Coordinator presents a potential list of tournaments after the USA "Blue Book" is released. This is typically in late February. The USA "Blue Book" is a published list of USA Softball Sanctioned Tournaments, with specific tournament details.

The Board of Directors will discuss the suggested tournaments and will vote to determine the final tournament schedule. Tournaments played are also based on registration availability, therefore can change last minute.

Ideally, all Scripps Ranch All-Star Teams will play the majority of tournaments together, including a travel destination tournament.

2022 Schedule:

May 13-15: North Shore (Del Mar/Carmel Valley area)

May 20-22: Corky Russell Tournament (El Cajon/Lakeside)

May 27-30: PQ Memorial Day Classic (Canyonside Park in PQ)

June 3-5: Scripps Ranch

June 10-12: Irvine Invitational

June 24-26: B District Tournament (San Marcos)

The Board of Directors are always willing to answer any questions you may have. Please contact the League President, Vice President, Registrar, or Tournament Director with any questions or concerns.
