JUNE ISSUE

While summer hasn't "officially" started, multiple days of 90 degrees counts as an unofficial start of summer in Indiana. I hope everyone's school year wrapped up well.

We know activities for kids don't stop in the summer, it's always a good reminder to take a deep breath as a family. Between school and all of the extracurricular activities, it can be hard to remember what life is like when you're not carting the kids back and forth or sitting at a sports practice. Be sure to schedule family time. As huge proponents of free play, even something as simple as organizing a backyard tee ball game or neighborhood game of tag can be a lot of fun (and it requires no travel).

As a sports fan, you know the 2024 summer Olympics begin in July. In the Olympic spirit, we've got a fun theme for our booth at Spark! Fishers at the end of this month. Please plan to stop by to take some photos and support all of your favorite sports. We'll also be able to answer any questions you have about the upcoming seasons. We'll keep our event table flow going in July at the Fishers Farmer's Market on Saturday, July 27th. Find us at IU Health's tent as we'll be pinch hitting for that market. We'll have some fun goodies for our Mudsock Woof Athletics supporters.

We're trending towards an exciting and jam-packed fall season. If you regularly volunteer as a head or assistant coach, you may have noticed that we have switched over to Rosterfy to manage our volunteer data collection. We know that no one wants another login, but this platform lets us better manage all of your information as well as gives us the ability to celebrate your milestones. Did you know we have some folks in our program who have volunteer to coach over more than 10 years?! If you're signed up to coach this fall, keep your eyes peeled for an e-mail from Rosterfy.

Lots more to come for August's update, but for now, I hope you have a great summer. Can't wait to see everyone back in August for the start of the fall season!

Best regards,

Scott Spillman
