AUGUST ISSUE

For many people in the northern hemisphere, August means the heart of the summer is happening. For many people in Indiana, August means State Fair time, with delicious foods to be sampled and farm animals to be shown in competitions. But in Fishers, August means fall sports and a new season kicking off for Mudsock Youth Athletics.

There is something exciting about a new sports season and the new lessons to be learned and friends to be made. It's so easy to get lost in the wins and losses that one can lose sight of how amazing it is for our participants to have the opportunity to play these sports so close to home. Almost all our fall sports are underway, though mother nature has not made it easy this week. By the time our next newsletter hits, every sport we offer will have had some sort of meeting or practice complete for their current or upcoming season.

At the Mudsock Youth Athletics office, August means that we are busier than normal, but we wouldn't have it any other way. We have rolled out a new website at www.mudsockyouth.org and have switched our registration platform to TeamSnap One. We love the fact that we have nearly a dozen sports in action while also conducting registration for winter basketball, esports, and pickleball. Busy is good.

Thanks for your continued support of Mudsock Youth Athletics and thanks for letting your participants make new memories that hopefully lead to them finding joy in the big accomplishments and the little victories, too.

I hope you have a great fall season.

Best regards,
