

For those looking to adopt the mandates in 2016-17, here is a list that shows the birth year for that season. Again, please note that when determining the age group for a season, the year the competition ends should be used.

There is another very important component to understand about this chart. To avoid players aging out of an age group during a season, the new top age group for youth competitions is U19. This change aligns with the birth year standard and makes sure that players are not eliminated from participating during the second half of a season. In short, all the existing U18 leagues should become U19 in the 2016-17 season and this change should cascade down the age groups (Ex: U17 becomes U18, U16 becomes U17, etc.).
