## GENERAL INFORMATION

**Rainout Policy** — Rain itself does not constitute cancellation of games or practices. We use the following guidelines for cancelling games and practices.

### Practice

Fields will be closed, and practice will be cancelled if it is raining or the fields are saturated from recent rains.

If we close the Soccer fields, the updates will be on our website [www.bysasoccer.com](http://www.bysasoccer.com), and posted on Facebook.

With the number of teams and field space availability, we may not be able to make up practices.

We try to make a decision to close the fields for practice by 3:30PM. If it has not rained but rain is predicted we may not close fields until rain has begun. Spotty showers can be just that and may not show up at Bluesprings.

### Games will be cancelled under two circumstances:

1. **BYSA decides the fields are unplayable due to recent rains.** This is a judgment call and must be followed. **NO coach or parent** has the authority to call a game because of inclement weather.

2. **Lightning.** No practices or games will be played when lightning

is spotted. BYSA asks parents to inform the referee or coach if they see lightning. The referee and coach will be watching the practice or game and may not see lightning. In case of lightning the game will be suspended for 20 minutes. Players and parents are asked to go to their cars or the Fort. When no lightning is seen for 20 minutes the game will resume.

If games get rained out, we will make up games times permitting. Makeup games may be played on weeknights or Sunday afternoons. Make-up times depend on field availability. Games are considered played if 1/2 of the game is played.
