# Heat Safety

- Remember to be cautious in hot weather!
- Check wet bulb globe temperature (WBGT) using [Android app](#), [iPhone app](#), [weather.gov](#) (not recommended for mobile), or as a last fallback, the [USSF table on page 2](#)
- Extra hydration breaks **required** at least every 30 minutes when WBGT exceeds 89.6° F
  - As the referee, you have the option to add additional breaks as needed. Use them!

# Referee Abuse

- AYSO maintains a zero-tolerance policy regarding abuse of referees
- Email all instances of abuse to:
  - Drew Winstel & Casper Otten, Regional Referee Administrators ([ref.admin@ayso498.org](mailto:ref.admin@ayso498.org))
  - Jake Williams, Regional Commissioner ([jake@ayso498.org](mailto:jake@ayso498.org))

# Referee Abuse Prevention (RAP)

- US Soccer has released a [Referee Abuse Prevention](#) policy (the Penalties Matrix is on next slide)
- Diligently track physical and non-physical offenses involving players, coaches, and/or spectators
  - Complete an incident report in Stack Officials and send your Region Ref Admins (Drew/Casper) and the Area Referee Admin (Greg) a heads-up email
  - For non-physical offenses, understand the difference between forms of gross misconduct towards a referee and simple disappointment in the game

# Who can report abuse?

- Players
- Coaches
- Spectators
- Volunteers
- Referees
- Board Members

“Youth soccer needs referees to grow – without them, games can’t happen”\*

\* Quoted from the US Soccer Referee Abuse Prevention website: [www.ussoccer.com/rap](http://www.ussoccer.com/rap)

“90% of referees report that abuse has increased over the last 5 years”\*

“60% of referees choose not to rectify due to harassment and threats”\*

# What Is Abuse?

- Public
- Persistent
- Personal
- Address with coaches first
  - If it continues, suspend the match
  - You can send off coaches, players, and spectators
    - Don't show cards to spectators – use your words, be firm, and you may suspend a match until a spectator leaves the field
    - Don't forget to document in the game report and an email to Admins
- If in doubt, report it!

# Referee Mentorship

- We launched a referee mentor program in 498
  - Improve new refs' confidence
  - Protect youth refs
- Requirements to be a mentor
  - 25+ games, including 5 at 12U+
  - 18+ years old
  - Regional Referee or higher
- Interested in being a mentor or mentee? Email Drew
- Referee mentor class will be scheduled if there's interest

# Stack Officials

- Games will continue to be posted to [Stack Officials](#) for referee assignment
- [How-To Guide](#)
- Referee Admins reserve the right to remove referees from the roster who have not completed their volunteer registration, training, background checks, etc..
  - Email your Referee Admins if you have trouble or issues [ref.admin@ayso498.org](mailto:ref.admin@ayso498.org)
- Looking ahead: PlayMetrics bought Stack Sports and is slowly phasing out Stack's products
  - AYSO Area 5C will change to PlayMetrics' registration system over Summer 2026; ref system change timeline TBA

# 8U-12U Games

- Monitored Substitutions
  - Subs at “quarter” breaks, half time, and injuries **only**
    - Being winded can count as an injury
- Start looking for a water break about 1 minute before the halfway point
  - e.g., 10U match: start looking for the ball to go out of play at 11:30
  - Clock stays running
  - Whistle the players back on after 1 minute into the break
- Be mindful on hot days and consider taking quick water breaks as needed for player and referee safety

# Throw-In Guidance

- Remember the spirit of Law 15 is to get the ball back into play
- Don't penalize trifling offenses
- Focus on verbiage: try saying "improper" or "incorrect throw-in procedure", not "bad throw-in"
  - In the younger divisions where this occurs the most, being told they did something "bad" can affect their confidence
- During your pregame, let the coaches know of your plans for any possible re-doing of improper throws due to being the beginning of the season
  - Suggested: 12U – 1<sup>st</sup> week only, 9U/10U – 2 weeks, 8U – all season

# 15U Games

- For Area 5C games, 14U-16U divisions have been combined into a 15U division due to number of players in each division
- Game considerations shall be made with respect to 16U division rules
  - Two 40-minute halves
  - Monitored substitutions
- Be mindful on hot days and consider taking quick water breaks as needed for player and referee safety

- Maintain credibility by coming prepared and looking professional
- Current referee jersey – always tucked in, black shorts, and two-stripe socks
- On cold days, black long athletic pants may be worn instead of shorts and black long sleeves may be worn under jersey
- Black shoes/cleats are preferred, but not required
- Always bring whistle, time keeping device, something to keep score and notes, yellow/red cards, game coin, and assistant referee flags
- Black hat is acceptable if needed
  - No political/religious messaging
- Avoid wearing sunglasses

# Pre-match duties

- Field safety check
  - Lines
  - Goals
  - Corner Flags
  - Hazards
    - Sprinkler heads
    - Divots/holes
    - Ant piles
    - Muddy areas

# Pre-match duties

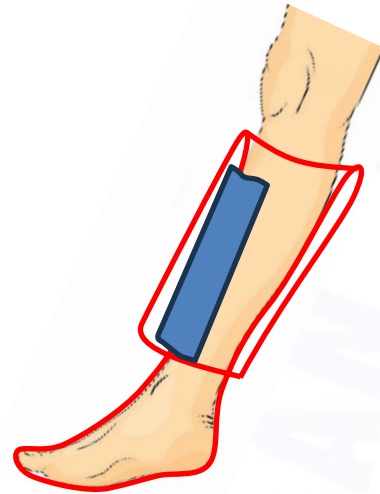

- Field safety check
- Referee conference
  - AR responsibilities
  - Unofficial signals
  - “TLC” scoring method
  - Scoring/timing backup
  - Who moves to R if referee hurt
  - Mass confrontations
  - More!

# Pre-match duties

- Field safety check
- Referee conference
- Player check in
  - Shin guards
    - Must be completely covered by socks
    - Wrapping over the top and covering from above (see first graphic) disallowed
    - Players are responsible for size and suitability

# Pre-match duties

- Field safety check
- Referee conference
- Player check in
  - Shin guards
  - Footwear
    - Cleats must be deemed safe by referee
    - Metal cleats and toe cleats *can be* safe
    - Football/baseball/ softball cleats disallowed

# Casts and Splints versus Braces

**Casts and splints** are designed to completely immobilize the joint and are **disallowed** for practice and games. They may not be removed to be able to play or practice. Examples of casts and splints:

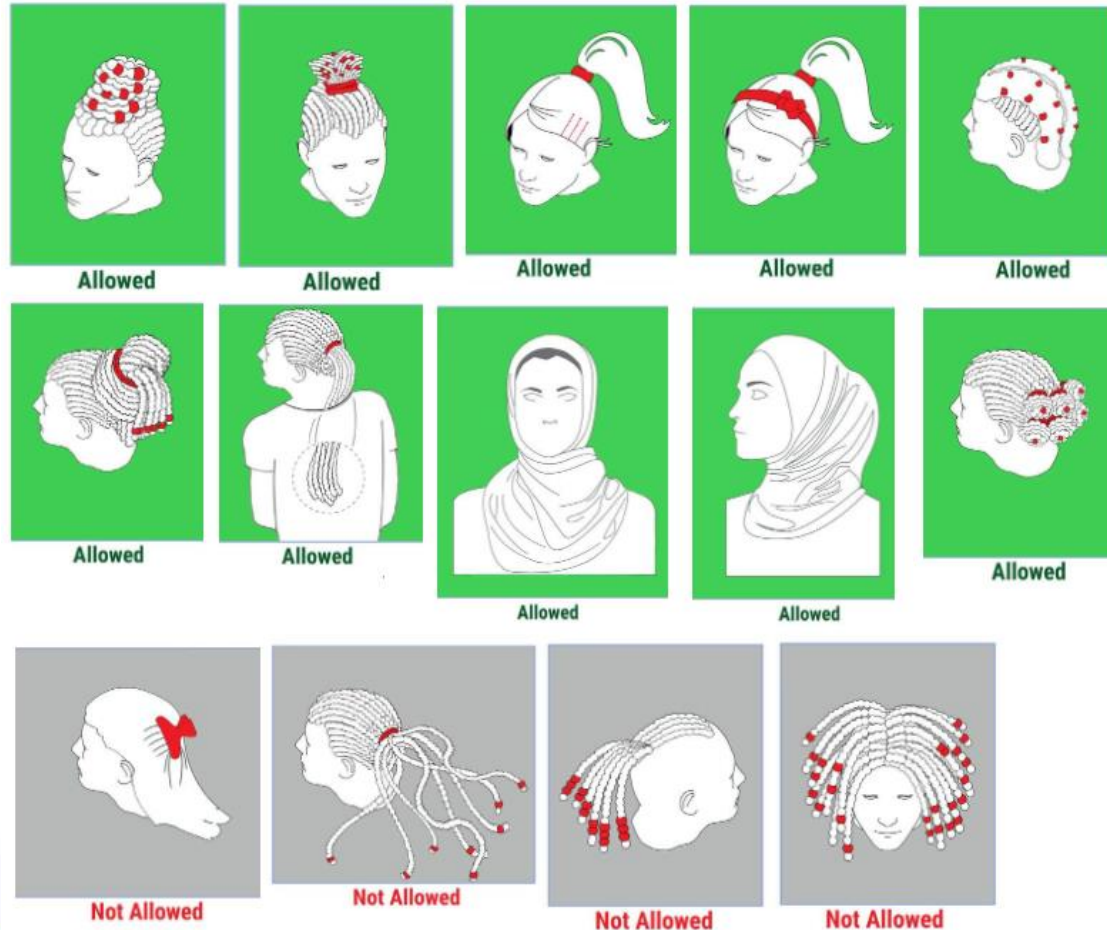

# Casts and Splints versus Braces (cont'd)

**Braces** provide support while still facilitating full range of motion at the joint and are **allowed** unless otherwise deemed unsafe by the referee.

Examples of braces:

# Jewelry

- Hair beads are becoming more popular, and new guidance has been given to allow them if all three of the following conditions are met:
- They are restrained (e.g., bun) such that they are not able to flail about (see examples)
- The parent understands that their child will be hurt worse if hit in the head
- They are not otherwise deemed unsafe by the referee

# Jewelry (cont'd)

- Earrings are disallowed – no if, ands, or buts
  - Compliment their new piercings and set a friendly tone
  - Give them the choice to either remove them and play or leave them in and sit out
  - They may not cover them with tape or bandages to play
  - Get the coach involved early – they should back your decision 100%
- “Welded” permanent jewelry is disallowed – either find a way to remove it or sit out this game (taping it down is not sufficient)
- Consider your fellow colleagues – inconsistency or “this time” considerations on disallowed equipment and jewelry is a safety liability, and it sets the next referee up to deal with the “they let us play with it last week” arguments

# Other Medical Devices

- Other medical devices are allowed providing they are safe. Some form of taping/wrapping may be required

- **The Referee decides what equipment is permitted, with safety as the priority**

# Club Linespersons

- Get parents involved to help on the line – this is a big way to get them into the fun and possibly recruit them at the end of the game or season
- Let them know you only need them to signal when the ball goes out of play
  - They are not expected to run – just be positioned at the touch line to see along its entirety
  - Quickly demonstrate how the whole of the ball must be completely out
  - No pressure for them to signal direction – just raise the flag straight up
  - **They do not and should not try to help with offside calls**
- Be friendly, encouraging, and grateful
  - Smile and make it fun for them
  - Remember their name and thank them after the game
  - Invite them to get fist bumps as part of your officiating team at the end of the game
  - Encourage them to get officially trained

# 2025-26 Updates to the LOTG that Affect Us

- Law 5: Referee counts down the final 5 seconds of the 8-second limit for GK possession with hands/arms (see next slide)
- Law 8: Dropped balls outside the PA are awarded to the team that would've gained possession if it was obvious
  - Otherwise, fall back to the last team to touch the ball
- Law 9: IFK and no misconduct for team official/sub touching the ball as it's leaving the field of play with no intention to interfere unfairly
  - Example: coach picking up the ball to speed up a throw-in
- Law 11: Clarification on offside moment of judgment on GK throws
  - Judgment at the last moment of GK contact

# 2025-26 LOTG Update: GK possession

- Law 12: Goalkeepers have 8 seconds to release the ball after controlling with hands/arms
- Violations are punished by a corner kick to the other team at the side nearest the GK
- Count the first 3 seconds in your head, then signal:
- Hand up, 5 fingers, hand down, hand up, 4 fingers, hand down, repeat
- You have leeway to determine when the GK has control
  - Give 9U/10U players a little slack, especially for build-out line
- Explain this to the players during your pregame speech!

# Law 14 Update (June 2, 2025)

- If, when taking a Penalty Kick, the kicker accidentally double touches the ball during the kick motion (e.g., their plant foot slips), the restart is different:
  - If the kick would've otherwise been a good goal, retake the kick
  - Otherwise, restart with an IFK to the other team unless you're playing advantage going out
    - Kick is recorded as a miss if it happens during a penalty shootout and wouldn't have otherwise been a good goal
- Details: <https://downloads.theifab.com/downloads/circular-31?l=en>

# Additional Updates to the 2025-26 LOTG

- Law 16-17: Added “See also” bits to refer to extra scenarios resulting in goal/corner kicks
- VAR Protocol: competitions may now announce the result of a VAR check to the crowd
- Law 3: Competitions have the option to implement the “Only the Captain” guidelines
  - USSF recommends it, and AYSO does not require it
- Full changes: <https://www.theifab.com/law-changes/latest/>
- USSF guidance: <https://www.usoccer.com/laws-of-the-game-changes>
- AYSO guidance: [https://ayso1ref.com/lib1/pdf/2025\\_Referee\\_Guideline.pdf](https://ayso1ref.com/lib1/pdf/2025_Referee_Guideline.pdf)

# USSF-Specific Changes for Youth Referees

- Green badges for youth referees
  - Optional in 2025-26, required in 2026-27
  - Helps identify that the referees are youths and are protected extra by RAP (triple punishment)
    - The absence of a green badge does not signify the absence of a triple punishment
  - Contact Drew if you'd like to exchange your badge

# Area 5C-Specific Changes for Spring 2026

- [AYSO EXTRA](#) program is now in place at the 10U and 12U levels
- Games resume March 29 and will be on Sunday afternoons in Madison (498), Harvest/Monrovia (894), and New Market/Hazel Green (1174)
  - Madison games at Dublin 3 (10U) & 6 (12U)
- End-of-season jamboree will be the weekend of May 29-31 (after Memorial Day)
- Six Philosophies still in place (these are AYSO games)

# Area 5C-Specific Changes for Spring 2026

- Injured players requiring the referee to stop play or coach treatment should leave the pitch and be invited back on by the referee
  - This is strongly encouraged to prepare for 2026-27 LOTG change coming in July
  - Exceptions:
    - Goalkeepers are not required to leave (but may be substituted out)
    - If the injury was caused by a foul that included misconduct (YC/RC), the player may remain on the pitch

# Area 5C-Specific Changes for 2025-26

- Referees 14 years and older can get paid!
  - Set up financial details in Stack Officials to receive payments
    - [How-To](#)
  - You have the option to decline payments too
  - Area policy will be posted on <https://aysoarea5c.org>
  - Getting paid or not has no impact on RAP; the policy is still very much in force

# Area 5C-Specific Changes for 2025-26
