

Application for Exemption from Certification Requirements

Exemption from AYSO referee certification requirements may be granted to deserving individuals who wish to assist with the implementation of the AYSO National Referee Program and have demonstrated technical expertise at a level that justifies waiving certain certification requirements.

Section Referee Administrators may request exemption from referee certification requirements for deserving individuals by submitting this application to the chairman of the AYSO National Referee Advisory Commission who, in conjunction with the National Referee Advisory Commission, will consider the application.

All applicants requesting exemption from certification requirements must submit a Volunteer Application Form, be accepted as a volunteer by a chartered AYSO Region in good standing, and complete the AYSO Safe Haven course.
