

Vision

To provide world class youth soccer programs that enrich children's lives.

Mission

AYSO is a nationwide non-profit organization that develops and delivers quality youth soccer programs in a fun, family environment based on AYSO's Six Philosophies:

AYSO's Six Philosophies

AYSO's philosophies are living tenets that separate it from other sports organizations. They are Everyone Plays®, Balanced Teams, Open Registration, Positive Coaching, Good Sportsmanship and Player Development.

Everyone Plays®

Our program's goal is for kids to play soccer so we mandate that every player on every team must play at least 50% of every game. It's no fun to spend the game on the bench... and that's no way to learn soccer!

Balanced Teams

Each year we form new teams as evenly balanced as possible because it's more fun and a better learning experience when teams of similar ability play. It allows for each player to gain the experience of a wide variety of teammates of different skill levels.

Open Registration

Our program is open to all children between 4 and 19 years of age who want to register and play soccer. Interest and enthusiasm are the only criteria for playing. There are no elimination try-outs and nobody gets cut.

Positive Coaching

Encouragement of player effort provides for greater enjoyment for the players and leads to better-skilled and better-motivated players. A coach can be one of the most influential people in a child's life, so AYSO requires them to create a positive experience for every boy and girl.

Good Sportsmanship

We strive to create a positive environment based on mutual respect rather than a win-at-all-costs attitude, and our program is designed to instill good sportsmanship in every facet of AYSO.

Player Development

We believe that all players should be able to develop their soccer skills and knowledge to the best of their abilities, both individually and as members of a team, in order to maximize their enjoyment of the game.

Laws of the Game

Kick-Off: At the start of each quarter and after each goal the ball is placed in the center of the field. Both teams must be on their own half of the field and the receiving team must stay outside the center circle until the ball is kicked. Once the ball is moved it is live and in play. The ball can go in any direction on the kick-off. The kicker may not touch the ball again until someone else has touched it.

Pass-In: On the side, or touchlines, when the ball completely leaves the field of play, a player from the opposing team that kicked the ball out will pass the ball in from where it left the field of play. On the goal, or end lines, the defending team may take their pass-in anywhere on the goal line. If the pass-in is for the attacking team, then the ball should be passed-in from the corner.

Coach Manual

You have all gone through the online training, but please make sure you read through the manual.

Field Care/Closures

Remember that you are on TK Schools property, respect the school property.

Clean up after yourselves.

The soccer programs spend large sums of money each season for upkeep and improvement of the fields. Please treat them like you would your own lawns.

Occasionally there will be alerts sent out, closing some fields. This may be due to very wet conditions or even standing water. If it is only select fields then an email will be sent to coaches.

If there is a total field closure, emails will be sent to all players.

Goal Safety

The goals are heavy objects, even the small ones. Do not allow anyone to climb or hang on the goals or nets. If you see this behaviour please step in to teach safe goal behaviour.

Medical Emergency

Call 911 if there is a medical emergency on the fields
