

SUMMER CAMPS 2020

Creating a safer experience for everyone

The past few weeks and months have been a hugely difficult time, with almost every person and business being negatively affected in some way. However, as we start to see some light at the end of the tunnel, we wanted to bring to your attention the new policies and procedures we plan on introducing to our camps this summer.

We are confident that many of our camps will run as planned but with certain changes made to ensure your children have **"The Best Possible (and Safest) Soccer Experience"**.

- The additional safety precautions we are introducing will be in line with government recommendations. This will be taken on a county-by-county, state-by-state basis.
- We will be aiming to start camps with ratios of 1 coach to 9 players, and will only expand groups whenever the government issues guidance that it is safe to do so.
- We will be implementing strict sign-in procedures, with groups being separate at the beginning, during and the end of the day. Sign in locations and group allocations will be fully communicated to you on Sunday before camp begins the following day.
- Groups will be kept in their separate areas during the camp day, and there will be strict guidelines implemented to avoid the sharing of food, snacks and water, ensure thorough washing of hands after every restroom visit and limit child-to-child contact within the groups.
- Coaches will wear a face mask throughout the camp day unless county/state guidelines outline that it is safe to work without.
- Our priority this summer is to provide your children with **"The Best (and Safest) Possible Soccer Experience"**

The safety of our players, parents and coaches is our number 1 priority and as such, if you have any questions at all regarding our new policies for safer camps this summer, then please do not hesitate to contact us.
