When you log into your account and choose the volunteer tab, you will see your coaching certificates and risk status.

The risk status is the results of your background check. If you have an orange triangle and open gray square next to risk status, you can click the box, and then renew and submit and the background check will start over again.

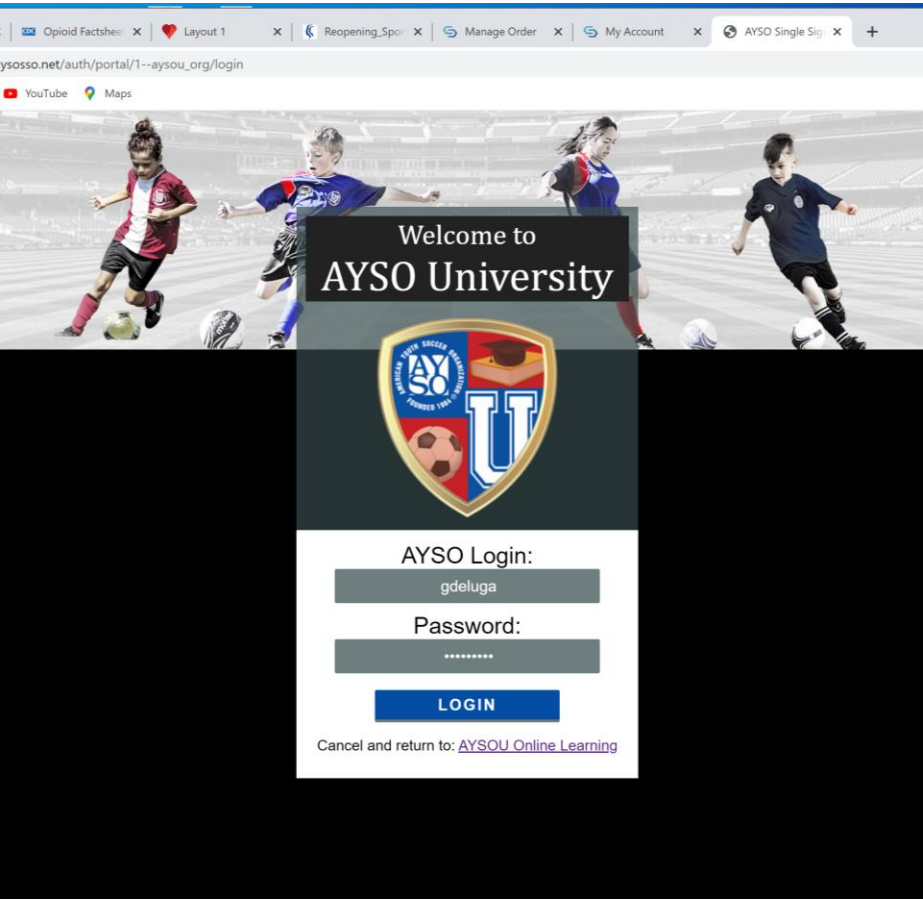

The 3 required courses are Concussion Awareness, Sudden Cardiac Arrest and AYSO's Safe Haven

Finally, the last line is the Coaching License. You must complete an online course for the level you are coaching at. Here I am showing a U12 license even though I am coaching a U8 team. It only shows the highest-level certificate.

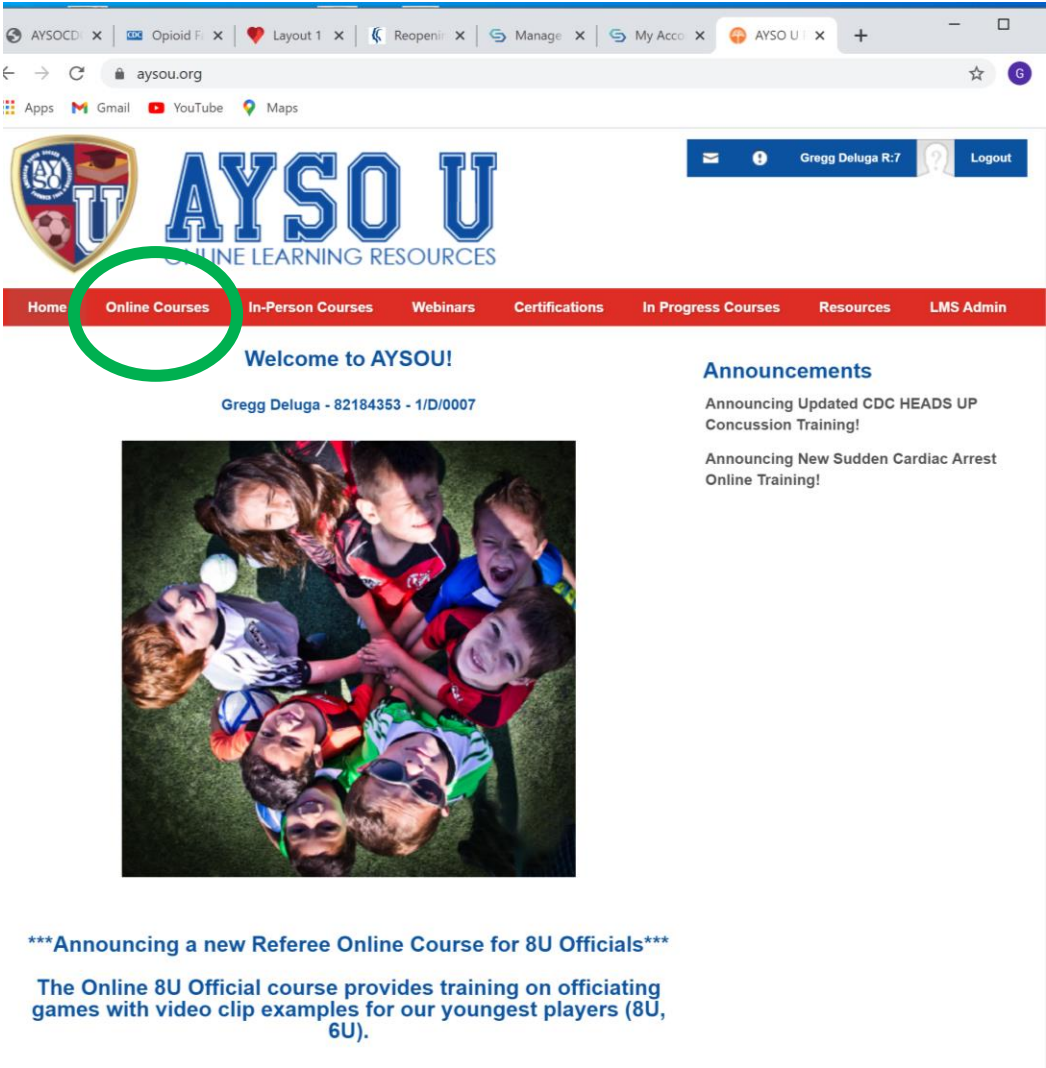

To complete all the courses necessary, you will need to go to AYSOu.org

Or click on the AYSOU tab in the R34 website after you have logged in.

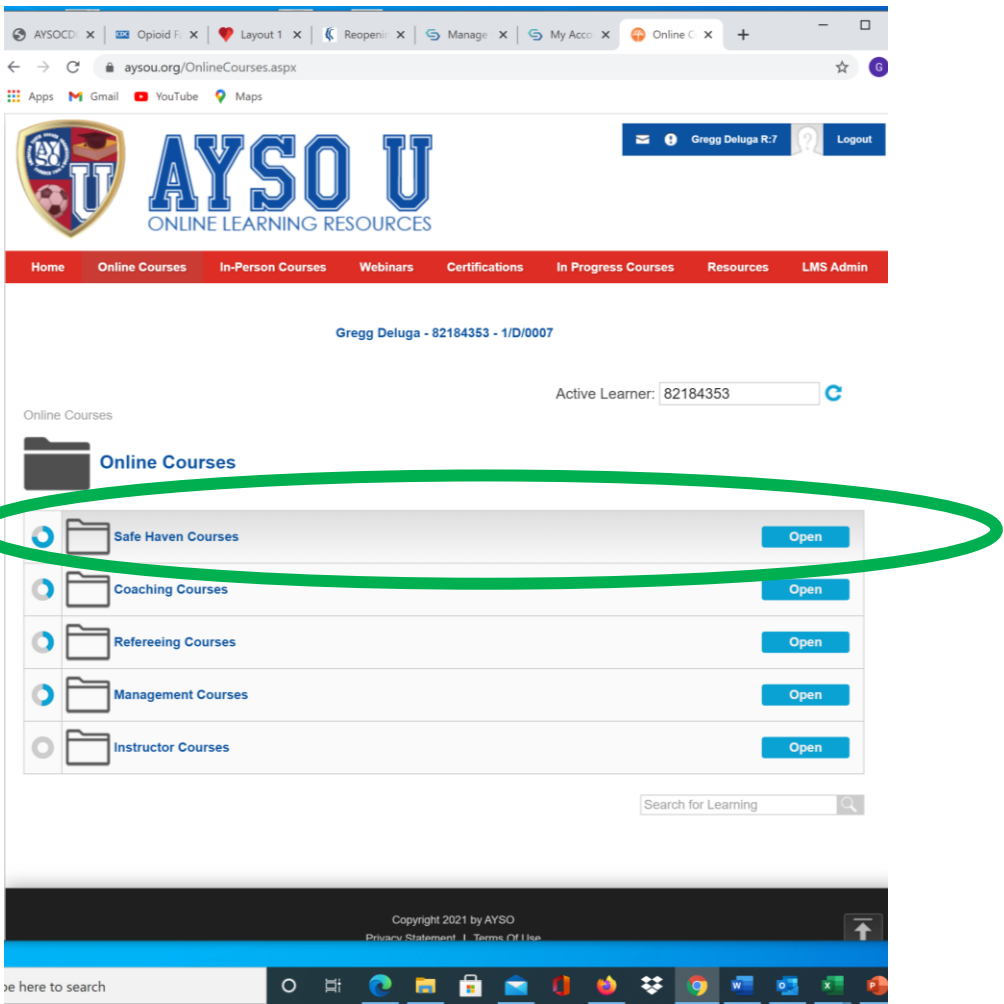

Log in screen. It is the same username and password as your other account.

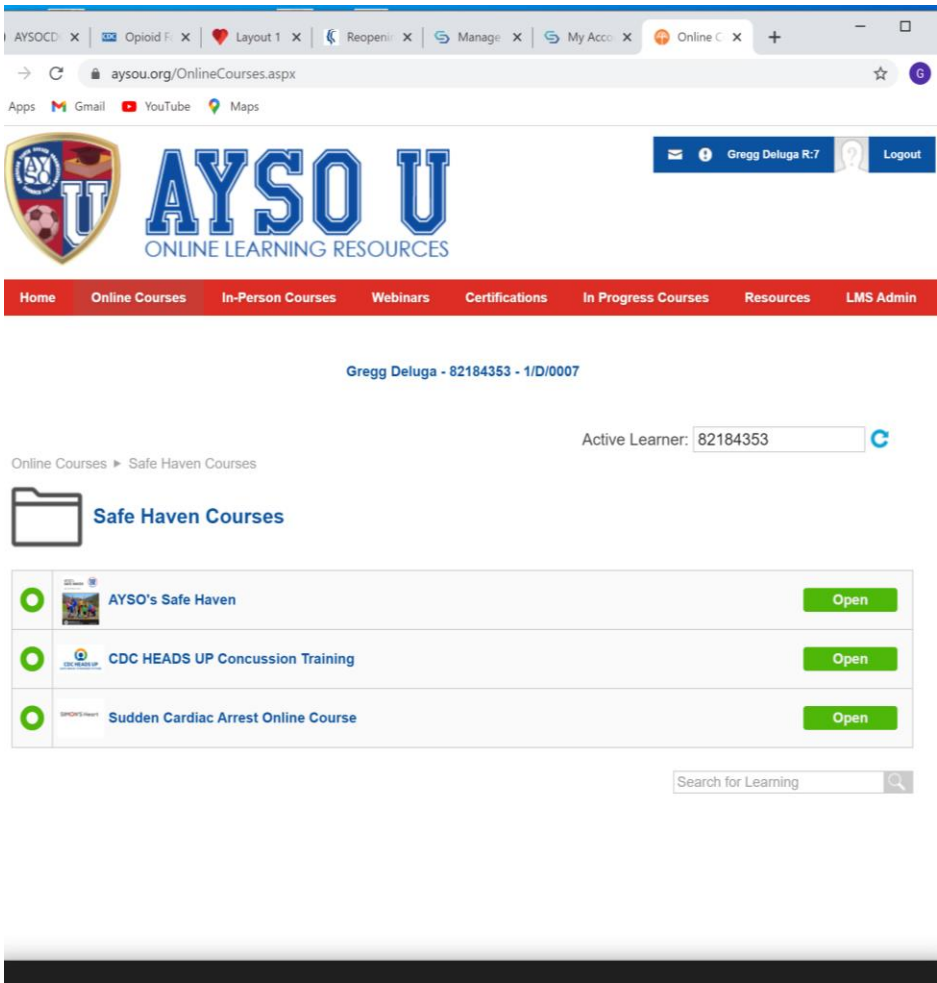

Here is the launch screen. Choose “online courses”

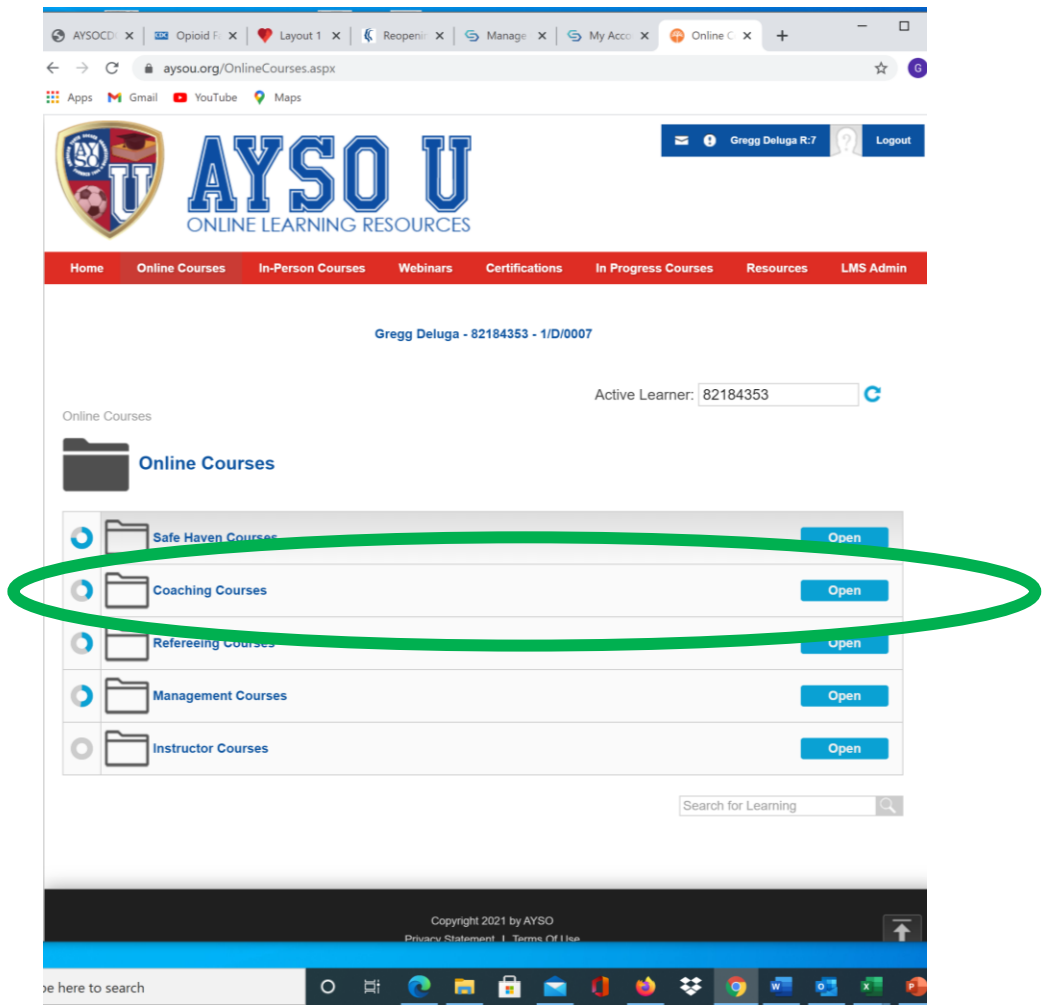

Safe Haven Courses contain all 3 of the state mandated courses. Click “Open”-- Every person who is on the field with kids must take these courses

Once completed, these courses will turn green. All three courses take about 1 to 1.5 hours total. Your certificates will upload to the other site in 24 hours and be verified on Fridays at midnight.

Coaching Courses show all the online coursework. For U6 and U8, online only is needed to get a license. For U10 and above, the online work is the prework only an on-field course is needed. (During COVID, Onfield Waived for up to U12!)

Once completed, these courses will turn green. Your coaching license expires after 3 years, notice that my U10 license is not colored. I have a kid in U8 and U12, so when my kid moves up, ill take the U10 course again.
