School District Requirements upon approval of Proposed Sport Field Usage Form:

- All organizations who are assigned to use school fields must do a contract with the school. Group must contact the school to access the fields
- Supply \$1 Million liability insurance per occurrence, with District additionally insured.
- Any improvements, repairs or field lining whether done by the District or by the group must be requested in writing to the District for approval prior to the work being done. The group understands that some requests may need several months to be reviewed by the District staff, therefore requests should be made with several months lead time in mind.
- Pick up all trash after use.

- Group will have copy of Official School District Authorization form readily available for inspection by District Personnel, City Staff or Sheriff at each site approved for use.
- Group will notify participants, parents, spectators and guests to park in designated parking lots.
- Other requirements may be added as determined by School District Personnel or Board
