2026 SPRING SELECT COACHES

Volunteer Spotlight:

CONRAD AKINS

Volunteer Role:
BU10 Head Coach

Our team came out strong, scoring 3 goals within the first few minutes. Coach Akins immediately moved that player to defense. Soon after, another player scored twice, and the coach moved that player to defense. By the second quarter, two more players had scored, so he completely redid the lineup - placing all players who hadn't scored yet this season as strikers. He encouraged our more skilled players to stay back and pass the ball up to our more timid players. From that point, we tried not to score, though it still happened. Throughout the game, the coach continued encouraging our players to pass to others and even cheered when the opposing team scored.
