Palos AYSO Region #733 is completely volunteer run and we continue to grow! Our Coaches, Referees, Board Members, sideline flaggers, and others generously donate their time and efforts to provide the highest quality program.

Please remember to volunteer when registering online. We need your help to run a successful program for the kids! The best part is... there is no prior experience necessary! We value each of our volunteers.

Every coach must be certified to coach in the appropriate age division. Without certified coaches, we must limit the number of teams that are formed in each division. Certification clinics will be held throughout the year or online. We need Referees! We will provide everything you will need on a soccer field: rule books, uniform, whistle, stopwatch, assistant referees, we mean everything.

Remember, without your help, our quality will falter. We will not be able to provide the player-friendly, family-friendly environment you have come to expect.
