---

**AYSO Region 183  
Peterson Park and Hollywood Park**

## **AYSO Vision and Mission**

### **AYSO Vision**

To provide world-class youth soccer programs that enrich children's lives

### **AYSO Mission statement**

To develop and deliver quality youth soccer programs, which promotes a fun, family environment based on the:

### **AYSO's Six Philosophies**

AYSO's philosophies are living tenets that separate it from other sports organizations. They are Everyone Plays®, Balanced Teams, Open Registration, Positive Coaching, Good Sportsmanship and Player Development.

#### **Everyone Plays®**

Our program's goal is for kids to play soccer so we mandate that every player on every team must play at least 50% of every game. It's no fun to spend the game on the bench...and that's no way to learn soccer!

#### **Balanced Teams**

Each year we form new teams as evenly balanced as possible because it's more fun and a better learning experience when teams of similar ability play. It allows for each player to gain the experience of a wide variety of teammates of different skill levels.

#### **Open Registration**

Our program is open to all children between 4 and 19 years of age who want to register and play soccer. Interest and enthusiasm are the only criteria for playing. There are no elimination try-outs and nobody gets cut.

#### **Positive Coaching**

Encouragement of player effort provides for greater enjoyment for the players and leads to better-skilled and better-motivated players. A coach can be one of the most influential people in a child's life, so AYSO requires they create a positive experience for every boy and girl.

#### **Good Sportsmanship**

We strive to create a positive environment based on mutual respect rather than a win-at-all-costs attitude, and our program is designed to instill good sportsmanship in every facet of AYSO.

#### **Player Development**

We believe that all players should be able to develop their soccer skills and knowledge to the best of their abilities, both individually and as members of a team, in order to maximize their enjoyment of the game.
