

Region 154 Referee Points-2025

2025 Referee Point System:

1. For U10-U19 (*U16/U19 typically do not have many teams, but they are still expected to provide team volunteers. Points will have an impact on their availability for playoffs and coach suspensions*).

2. Tournament Style + Traditional Point System:

- **1 point** (*up to 5 points*): for every certified referee that is in Matchtrak (www.matchtrak.com).
- **2 points**: If all team games that are assigned are signed up for on Matchtrak before September 21st (3rd weekend). The coaches' name must be chosen as the team they are representing to get points.
- **1 point** (up to 10 or the total amount of scheduled games): For Referee assignments completed on the field and are in Matchtrak (they can sign up on the field if they are not already in Matchtrak). This will be checked at the tent by a volunteer and QR codes will be available. The referee must be in full uniform to get credit ('club linesman' do not get credit). *For EXTRA and U14-U19 games, you are required to have 2 ARs per each home game to acquire your 2 points per game.*
- **2 points**: For the completion of the team Field Marshal duties.
- **Total points possible for any team is 19 points.**

Each team is required to have a minimum of 14 points to be eligible for post season play (playoffs)!
