- B. Attempts at any time prior to the approved tryout start date of any soccer year to induce a registered player (or their parent or their guardian) of any team, or any team as a whole, club, or league under the jurisdiction of the WSSL to leave their current affiliation for the following soccer year will be considered a poaching violation.

In addition, the coach may not serve as a rostered team official or non-rostered trainer for the same gender and succeeding age group for that seasonal year. For example, if a U11 boys coach moves to another club, the coach may not coach a U12 boy's team the following seasonal year. These prohibitions shall last one seasonal year. If a coach moves from one club to another separate and distinct club during the seasonal year, the prohibitions shall be enforced for the remainder of that seasonal year and the following seasonal year. The appropriate response by the responsible representative to player initiated contact is to provide requested information. Any recommendation for the player to attend training, tryouts or any other team, club or league soccer event by the representative would be inappropriate and considered an attempt to induce a player to leave their present soccer organization. A club or league advertising on their own website is not considered poaching. Attendance by the player at such events when initiated by the player or player's parents will not be considered poaching.

### **MSYSA Policy: Hearing Procedures**

This policy provides the minimum rights that each party would have at a hearing with respect to the right to assistance in presenting one's case at a hearing, as must be allowed under Federation Bylaw 701(5). These minimum rights apply to hearings conducted by State Associations and their members or other hearing body. A copy of these minimum rights should be delivered to the parties with the notice of the hearing.

- (A) Each party at a hearing shall have the right to have an individual present at the hearing to assist the party in presenting the party's case. Such individual may, but shall not be required to be, an attorney.
- (B) If the State Association or member of the State Association ("Complainant") is represented by another individual at any hearing and the hearing panel allows that individual to speak, question the parties and /or witnesses, or grant that individual any other rights, then it shall afford all other parties, or the individual representing the party, including an attorney, the same rights during the course of the hearing as is allowed to the individual representing the Complainant.
- (C) If an attorney is present at a hearing to assist a party in presenting the party's case, it shall be clear at the commencement of any such hearing that the hearing shall proceed in accordance with the State Association's hearing rules and procedures. All Federal, State or local Rules of Evidence or Civil Procedure shall not be applicable.
- (D) A State Association may provide, as part of its hearing rules and procedures, that an individual assisting a party may be allowed to speak on behalf of the party, make requests or ask questions at the hearing.
- (E) Regardless of whether the State Association allows the individual assisting the party the rights to speak, make requests or ask questions, as noted in Paragraph D above, an individual assisting the party in presenting the party's case shall have the right to be physically present in the hearing room, and so as not to interfere with the hearing procedure, it is also recommended that the individual be seated close to the party (either behind or next to the party) so that the party may seek assistance when desired during the course of the hearing.
- (F) During the course of the hearing, the party may confer briefly with the individual who is assisting before making a statement or request or prior to responding to a question. The panel conducting the hearing may limit the frequency and duration of the conferences so as not to unduly interfere with the proceeding.
- (G) If there is confusion or concern, the party may request a recess to confer with the individual assisting the party. Such a request should be granted unless the number of requests by the party becomes unreasonable or the length of a requested recess is deemed by the hearing panel to be unreasonable.
- (H) An individual assisting a party may prepare written material for the party and collect documents for the party. However, the party must submit or present the material and documents as material and documents of the party, and not of the individual assisting. The party has complete responsibility for those materials and documents and is subject to questioning about them.

- (I) Nothing contained in this policy shall prevent a State Association from allowing greater rights to assistance than those set forth in Paragraphs A-H above. For example, a State Association may, but shall not be obligated to, allow more than one individual to assist a party at any given time.
- (J) The rights, either mandatory or permissible under this policy, shall be consistently applied, and State Association should not arbitrarily allow or disallow the rights set forth above to those individuals assisting a party in the presentation or defense of the party's case.
