

Dear Parents,

TSS will be taking your child's pictures like we have the last couple of seasons with Virtual Groups. We can take everyone individually and place them together to compile a team. Each team has a scheduled picture day and time, please check with your coach and your email to verify when yours is. You will gather with your team before pictures. Once your team is gathered and fully there and your coach decides to bring the team over, they will line up and take their picture multiple times, once with their hands straight down (That will be used for the group picture) and then a few more times holding the football. If you have your own football that you would like your child to use, you would send them over to the photographer with their ball. If not, we will have footballs for them to use. Once they are done with their pictures they are done! After picture day you will receive a link to view your child's pictures. You get to choose which one(s) you would like to order. Pictures will be delivered back to your home. If you order pictures the day you receive the link you will get three dollar shipping. We will have samples and staff able to answer questions on picture day. The below team picture was taken under a tent, outside with each child taken individually. If you have any questions please give us a call.
