Coaching Resources

Soccer Association for Youth, USA
Dear SAY Soccer Coach,

Thank you for volunteering your time and energy to work with the youth soccer members of your community. Your dedication and commitment are how children across the country are learning the game of soccer in a fun, safe and enjoyable environment. We consider ourselves lucky to have you as part of our SAY Soccer team.

Coaches are the primary contact to the players and parents within our programs. You ultimately are a direct reflection of the SAY Soccer brand. We expect that everyone involved with our program will always act in the best interest of the kids. We highly suggest that you take some time to familiarize yourself with our mission statement, standards and expectations.

SAY Soccer has created educational materials and partnered with groups that will help make you the most well-rounded and educated coach possible. Please take a few minutes to read through the provided coaching manual. This resource is a quick reference with steps to prepare you to coach within any age group.

The coaching resources insert is a one-stop shop for all your coaching needs. Educational materials, coaching gear and equipment, parent resources and more. Take advantage of being a SAY member and prepare yourself for this upcoming season.

One of our priorities at SAY Soccer is to make sure that our coaches are as prepared and educated as possible. There are several educational options, training materials, practice plans and partner opportunities that are available on our saysoccer.org website. USE YOUR RESOURCES!

We hope that your time with SAY Soccer is a unique opportunity that allows you and the players a chance to build memories, have fun and create friendships.

All the best as we continue to grow the beautiful game.

Coaches are some of the world’s most important, impactful people.

That’s why it is critical that youth have a positive coach, a Double-Goal Coach®, who pursues winning and the even more important goal of teaching life lessons through sports. That way, no matter the outcome of a contest, all children can take a valuable, enriching experience from sports and apply it to the rest of their lives.
