Anything from Little League international about restrictions/start, etc? Alex - nothing has been reported and it seems as of right now start is like normal years. Justin - confirmed that we are beholden to the state...**if the state continues as is we will have a season like normal.**

**Tryout are TBD.** Not Likely...but **we will have a virtual skills based draft.** Ryan Smith reported that ERIE Premier Sports would be able to donate the either the indoor or outdoor space for us to use.

- **Brian - Website and registration update** - the site is setup and ready to go for registration. There will be a spirit wear store on our site so parents can get gear as a 7% pay back to us.

**Document Sharing** - we will be getting a google suite account to more easily share and store documents for the board. There are a few steps in the way of finalizing this...

**-Minors Commissioner Nomination** - Jeff Yochum - the board in attendance voted in favor to have him be the commissioner.

**-Fundraising** - Sponsorships requests are going to get sent out soon. WE agree to the levels that were used last year...via the note below. Ryan will make a hit list and the board will each take a few potential sponsors to talk with them about their level of sponsorship. Anyone that donated their sponsorship from last year will be carried over to this year via a discussion with them. ALSO, we will do more to make the sponsor name more prevalent on the jersey and start to use the sponsor name as the team name (i.e. Terrella Drywall Lugnuts) on schedules etc.

**Uniform order** was talked to at-length. More to come in future meetings.

**-Field Needs** - There is a list going around via email...if we need something please make sure it is on the list. Send your needs to Matt Terella for Softball and Jon Jewell for baseball.
