- a. State of the League
 - i. **League growth has pushed field capacity to at or over limit. Softball grew 20%, baseball grew 30%. More kids returned from travel or from not playing baseball than ever seen. Little League prefers not to turn kids away, but capacity is strained.**
- b. Financial overview
 - i. **League historically hesitant to spend, but now in a strong financial position and funding All-Stars. This year 4 teams sent (all paid); last year 5 teams (all paid). Registration fees are kept low relative to others**
 - ii. **Best financial position at this time**

6. General Membership Board Elections

- a. Number of Board Members
 - i. **Need to determine the number of board members. Last year it was 30, and 30 has been used for a long time, though the board has never actually had 30 members. Discussion noted that voters should be volunteering time.**
 - ii. **Only 10% contribute while doing 100% of work. Seeks 32–35 truly active members. Expectations include helping beyond personal games, especially concessions, sheds, game-day ops. Board work spans at least 10 months/year with peak Jan–Nov; minimal breaks even in summer due to All-Stars.**
 - **35 Board Members: Motioned by James Rose, Seconded by Shane Leverknight**
 - **All in favor**
- b. Vote (if necessary) or by acclamation
 - i. **32 members voted in by acclamation**
