 - The ball must go back to the pitcher to give to the coach feeding the machine. Other fielders should not give the ball to the coach feeding the machine.
 - The umpire will make the final determination when the play is dead.

Number of Players

Teams must start with a minimum of nine (9) players [eight (8) players in the fall] and maintain a minimum of nine (9) players for the duration of the game. Dropping below nine (9) players [eight (8) players in the fall] at any time during the game shall constitute a forfeit.

5. Players must start and end the inning at an infield position to satisfy minimum infield defensive play. (If this cannot be met due to time expiring or run rule, no penalty is assessed.)

Placement of the Machine

1. Games will be played with a pitching machine placed at 46 feet from the plate
2. The safety circle area is designated as the area of dirt around which the machine sits. The pitcher must stand to the side of the machine in the mound circle while the ball is placed in the machine. Other fielders may not enter this safety circle at any time in the game.

Rules Involving the Machine

1. If a batted ball hits the pitching machine, electrical cord, or the coach/umpire feeding the machine, the ball is dead. The batter is awarded 1st base and runners advance one base, if forced. If not forced, the runners will remain at the base that they occupied prior to the pitch.
2. If a batted ball lands within the pitching mound and comes to rest without touching anything the play is live and the pitcher must retrieve the ball
3. All other balls put into play near or around pitching machine are treated as live balls.

Adjustments of Machine

1. The pitching machine will be set at 42 MPH for the AA division.
2. The machine will be adjusted for accuracy at the beginning of the game by both managers or the umpire.
3. The machine may be adjusted for accuracy at the beginning of each offensive half inning by the coaches of the batting team. Any subsequent adjustment is at the umpire's discretion or after two consecutive pitched balls.

Adult Placement

1. An adult will pitch to the offensive team's batters by feeding balls into the pitching machine from within the safety circle. This adult shall be one of the following:
 - A parent from the offensive team who is an approved volunteer.
 - A coach/manager from the offensive team
2. The adult feeding the machine must remain within the pitcher's mound circle at all times during play.
3. The adult feeding the machine will not be allowed to coach players during this half of the inning.
4. The adult feeding the machine shall feed the machine with the laces of the baseball running parallel with the wheel to pitch a straight ball. The adult shall not turn the ball with laces running perpendicular to the wheel as this will result in a ball that drops much like a curve ball.
5. If, in the umpire's judgment, any action by the adult pitcher interferes with a play in progress, the umpire will declare a "dead ball" and will take such action, as the umpire deems appropriate to the situation.

6. The adult feeding the machine will place the ball into the machine immediately after presenting it to the batter.

Coach Pitch 7 & 8AA Pitcher

1. The pitcher shall wear a batting helmet for safety.
2. The player playing the position of pitcher on the team in the field does not pitch; he/she is a fielder only. He/She must begin each pitch even with the pitching machine to the right or left of the machine. For safety reasons, he/she cannot leave this position, even on an attempted bunt, until the ball exits the pitching machine and crosses home plate.
3. When the player pitcher fields a batted ball, he/she must attempt a defensive throw.
4. Player pitcher may not field a batted ball and return to the mound for the purpose of calling time.
5. On a batted ball fielded by the player pitcher within the pitchers' mound, he/she may not leave the circle to attempt to tag out a batter/runner or block a base path.
 - *If a batted ball is fielded by the pitcher, which carries the pitcher into the runner without giving chase, the pitcher may attempt an unassisted out. (Judgement call by umpires and **CANNOT** be challenged)

Coach Pitch 7 & 8AA Defense

1. **Infield:** traditional infield (six [6] infielders – P, C, 1B, 2B, 3B, SS). No defensive player may take a position closer than the pitcher to the batter. For purposes of this rule, the distance between home plate and the pitcher's plate shall be used as a radius to project an infield "arc," from the axis at home plate between the foul lines.
2. **Outfield:** Four (4) outfielders (LF, LC, RC, RF) may be positioned no closer to the infield than midway between the back of the infield and the outfield fence and may not cross that line until the ball is put in play. Outfielders may not tag out any base runner nor touch any base to make a force out.
3. **Throwing the ball:** Defensive players may not "roll" or "bowl" the ball to another defensive player to put-out a runner or batter-runner in lieu of the natural and commonly accepted throwing mechanics associated with the game of baseball.

Closed Base Division

When a pitcher is in contact with the pitcher's plate and in possession of the ball and the catcher is in the catcher's box ready to receive delivery of the ball, base runners shall not leave their bases until the ball has crossed the plane of the plate.

If the lead runner is not advancing, time may be called at the umpire's discretion.

Advancing Bases

Time shall be called when:

1. (if) Lead Runner is not advancing, while either in the base path or on base. (Umpire's discretion)
2. (if) Lead runner retreats to last base touched.
3. (if) Player pitcher receives and has possession of a thrown ball within the pitchers' mound after a defensive play has already been attempted.

Run Rules & Limits

1. Each team is permitted a maximum of 5 runs per inning before three outs for first 5 innings. If game advances to the 6th inning, each team is permitted to score up to 10 runs.
2. The 15-run rule (after 3rd inning) and 10 run rule (after 4th inning) is in effect.

Ejections

1. Any manager, coach, player, or spectator ejected from a game must leave the game site immediately (this includes the parking lot) for the duration of the game. They may not sit in the stands or be recalled.

2. Any ejected manager, coach, player or spectator may neither be present for his/her team's next physically played game, including pre- and post-game activities, nor are they allowed to be in the parking lot except for dropping off/picking up players.
 - For purposes of this rule, if the next scheduled game cannot be physically played due to the inability of either team to field nine (9) players and is scored as an official game due to forfeit, it shall be considered a physically played game.
3. A manager or coach ejected from the game may not be replaced by another volunteer in the same game in which the ejection occurred.
 - Exception: one (1) adult must always remain in the dugout. If all adults have been ejected from the field of play, game will be stopped and reviewed by the competition committee.
4. The team may provide other eligible volunteers to fulfill managing or coaching duties at the next scheduled game when a coach or manager is serving his/her additional game suspension.
