Registration for the Spring League has now started. By mail, online, or at one of the registration dates listed below. Go to the website for detailed information. **PLEASE SIGN UP EARLY.**

Not every Saturday: We will have double headers each Saturday for ages U8 and up, and, on some Saturdays, there will be no games. The U4 and U6 age brackets will only play 1 game per Saturday. See below for game dates.

New Players: Spring season is an ideal setting for the new player. Try it out and if you do not like it after the first week, we can refund all but an administrative/jersey fee of \$25 of your registration fees.

Game dates: Saturday 3/25, 4/8, 4/22, 5/6, and 5/20. All games will be played in Lake Wales.

Practice: The league prefers that all teams practice at least once a week (but each team can decide the number of practices and the length of each). Many times, several coaches schedule combined practices with other teams to allow those who want more practice/play to attend.

Ages: 3- to 16-year-old girls and boys (2007 to 2020 birthyears). Girl and boy teams except in U4, U6 and U8 ages (these are and will continue to be coed). If your child was born in 2020, they must have turned 3 on or before March 25, 2023, to be eligible to play.

Cost: \$45 for Fall 2022 FYSA registered players

\$55 for new Non FYSA registered players (need to view a copy of the birth certificate at registration)

Rules: Small fields, small goals, no goalie, 3 on a side, add a player once 3 goals up, add another player once 4 goals up and so on until you cap at 6 players maximum. Adding players throughout the game in this manner keeps games competitive.

Teams: You can sign up as a full team for U8 and above (must have a coach) or sign up as individuals to be placed on a team. Please consider coaching during Spring. It is very laid back, with a minimal practice schedule and only requires a commitment to 5 Saturdays during the season.
