

C1VB COVID Tryout Protocol Information

This year during tryouts because of COVID-19 we have implemented a carline check in/drop off process. This will help minimize the amount of people that are in contact with each other during check in procedures and make it easier to maintain social distancing. Our COVID protocols are also designed to make contact tracing more feasible in the event that a participant does report a positive test following tryouts.

General Information

- Please make sure you have completed all online registration requirements beforehand. **We will not be taking walk up registrations this year.**
 - C1VB Tryout Registration
 - Tryout Fee Payment
 - Medical Release
 - USAV registration
- Have your child ready to step out of the vehicle with their gym bag and full water bottle
- Please e-mail all questions prior to tryouts to info@carolinaonevolleyball.com since there will be a limited amount of time at check-in. We will also be providing "next steps" information to everyone after tryouts so you know what to expect following tryouts.
- We apologize but there are absolutely **no spectators** allowed inside the buildings during tryouts this year.
- Please note that there may be other activities going on at some facilities the same time as tryouts. Please be courteous of other groups and cautious of other cars in the parking lot.
- In accordance with current CDC recommendations, players are required to wear masks while entering the building and in all common areas. Masks are not required while playing. Coaches will wear masks at all times.
- If any of the following apply, please do NOT attend tryouts. Contact us for alternate options:
 - You have had any symptoms of COVID-19 within the previous 2-3 days
 - You have tested positive for COVID-19 within the last 10 days
 - You have been exposed to a COVID-positive person within the last 14 days, and you are not vaccinated

Check-in Information

- Please see the maps on page 2 for traffic flow information. At all tryout locations, you will be able to circle through the parking lot and stop at the front of the building for drop off. When you pull up to the front of the building, wait for C1 staff to approach your car for further instructions. Use the same traffic flow for pick up.
- Carline Check-in will begin 30 minutes prior to tryout time.
- Your child will exit the car and receive a T-shirt with her tryout number on it. You will receive a carline tag with corresponding number to place on your dashboard for pick-up. **The t-shirt will need to be worn for both days of tryouts, so please keep track of it.**
- When your child exits your car we will check for proof of USAV registration. She will then proceed inside the building to the gym where coaches will be waiting for her.

Pick-up Information

- Please arrive no more than 10 minutes prior to the end of tryouts to limit the amount of cars waiting in the parking lot.
- Make sure your numbered tag is visible on your dashboard.
- Coaches will bring players out as you pull up to the front.
- T-shirts will need to be worn again for the second day of tryouts. We will not have replacement shirts available for players who forget or misplace theirs.
