

Texas Intercity Football Inc. Tobacco Product Use Policy

There is a "No tobacco product use" policy in effect for all Texas schools. This includes school properties, buildings, and outdoor facilities including the stadiums and practice fields.

TIFI will uphold compliance with the facility policies where TIFI events may be held, and will insist TIFI attendees comply with these respective policies.

TIFI Booster Clubs should familiarize themselves with facility policies where their teams practice and play games, and ensure their parents and attendees are informed of the policies to ensure compliance.

Any fines assessed to TIFI from a facility for violation of tobacco use policy will be paid by the violator or Booster Club with which the violator is registered/associated.
