MARCH 2026

PRESIDENT'S MESSAGE

Hey Village Families,

It's been an amazing start to the season. We were able to get a third GoDog camera to further increase our fan experience. I have been watching a ton of games and am so impressed by the level of play on the field. Coaching is obviously playing a big part in developing all of our players. I look forward to seeing how all of the players continue to get better. As always, the most important thing for myself and our board is the experience of all of our families. I love seeing the joy and energy of all the kids flying around our fields. Despite what they tell their coaches at the end of every game, they seem to have loads of energy to run up and down the hill or play in the cages. That means they will comeback next year and continue to get better. Thank you everyone for promoting a competitive and fun environment for all of our children to enjoy.

Warm regards,

Matt Lauwers

President, Village Baseball
