*Welcome to DeNooyer Ford in Vicksburg*

At DeNooyer Ford, we are proud to be a third generation dealer who has been in the automotive business for over 75 years in Southwest Michigan.

In May of 2018, the DeNooyer Family purchased Simmons Ford and started a new era of car dealerships serving Vicksburg and the surrounding community representing the Ford brand. You will see them involved in the daily store operations with Todd DeNooyer serving as the acting Dealer Principal and son, Jeff DeNooyer, as the General Manager. Together, along with an outstanding group of employees, we work together to provide the best vehicle ownership experience possible to anyone who crosses our doors.

What do we at DeNooyer Ford offer that other Ford dealerships may not have? Take not only our high-standard Ford brand expertise but our utmost commitment to our customers, their vehicles and the community we are a part of. We provide the type of service we expect as auto enthusiasts - courteous, respectable and knowledgeable. When you walk through the doors of DeNooyer Ford, you are family.
