# Future Goals and Needs

Braddock Heights Field is being refurbished. It has changed dramatically recently with more changes coming.

The outfield fence has been replaced by a new metal fence.

Foul Poles are due soon

The existing batting cage at Braddock Heights is partially replaced with more coming in 2026.

The Braddock Heights outfield is extremely uneven due to years of erosion and weed infestation. The surface is extremely uneven, doesn't drain well, and the play can be dangerous for kids. We want to level and convert the outfield to match the new infield. This will take a great deal of effort but we are up for the challenge.

Estimated cost for this project is \$25,000 - \$30,000

# Our Facilities

**This is the field in Braddock Heights we have been renovating. The infield is new, but we have much more to do to bring this field up to par. Outfield fencing, a safer backstop, leveled outfield, safer batting cage, and more. It's a work in progress!**

**We are working with the City of Frederick to relocate to a new field in addition to our Braddock facility. This field will not be replaced in it's current location. We lost two fields due to continuous flooding.**
