

## Newport Little League

### T-Ball Guidelines

- All players bat every inning - even if 3 outs occur
- The last batter hits a “homerun”
- Spread kids out in the infield
  - Try to teach them where the positions are
- Rotate the players around the positions as much as you can
- Try to maintain a batting order - First to last - switch last to first (so the same kid does not hit a “homerun” every time)
- Try to keep them from “tackling” each other when the ball is hit into the field. Using spotmarkers can be helpful
- If you can have a parent assistant at the bases to guide players around, you may find that helpful

Have Fun!!!

T-Ball plays one game on Saturday.

Coaches can schedule practice during the week that suits their schedule.

You are allowed to use Marie Field (Hogan Complex), Michaud Field (Abruzzi Complex) or one of the fields listed on our website as a practice field.

You must schedule the field in advance through the website. There are directions on the website. If you need assistance, please reach out to ([info@newportlittleleague.com](mailto:info@newportlittleleague.com)).

Practices cannot be scheduled more than two weeks in advance.

You may also schedule a field for T-Ball at any park or grassy area - just inform your families.

We have throw down bases and spot markers for your coach bag if you want them. They are located upstairs at Hogan clubhouse. Please help yourself.
