participating within Central Citrus Little League programs.

- I understand that participation on a team is a privilege to be earned.
- I will always strive to improve my skills and improve the team.
- I will always work to represent myself and CCLL in a positive manner.
- I understand that honor, integrity, and good sportsmanship are keys to my success.
- I understand that alcohol, tobacco, or drugs are harmful to my body and will limit my improvement and that of the team.
- As a minor, I understand that the above substances are illegal for my use under FL law.
- I understand that if I do not represent myself or the program in a positive way, the CCLL Board will have the authority to suspend or remove me from team involvement.
- I understand that the CCLL Board has the right to combine offenses if deemed necessary due to an infraction that requires additional discipline. For example, if a player gets ejected from a game and does not follow proper guidelines, these may be considered both a first and second offense. Each situation will be addressed accordingly.
- I understand that CCLL stands for Central Citrus Little League.

VIOLATIONS

First Offense - Suspension from two athletic contests

Second Offense - Suspension from four contests or removal from team for that season and counseling

Third Offense - One year suspension from athletics

Fourth offense - Removal from all athletics at CCLL

All penalties will begin with the first athletic event following the violation. For example: if a player who has a violation at the end of the season, the suspension would begin or carry over to the first two athletic contests in the next season they register for.

I have read and understand the above expectations for participation in Central Citrus Little League.
