

2026 Northern Lights Little League

Prohibit One-On-One Contact

The below is a Little League International requirement in Regulation I.c.13.

13. - Prohibit One-on-One Contact – To minimize the chance of an individual’s opportunity to groom or abuse a player, the league must adopt a one-one-one policy relating to the interactions between a player and any adult volunteer of the league during the league’s programs and activities. The League should adopt a policy prior to the start of the season and provide a copy to all volunteers within the league. At a minimum the policy should include the following:

- Volunteers are prohibited from being alone with a minor athlete during the league’s programs and events unless:
 - There is an emergency.
 - There is written permission from the player’s parent/legal guardian.
 - The volunteer is the player’s parent/legal guardian, sibling, or personal care assistant.
- A Volunteer’s interactions with players must be observable and interruptible by another adult.
- Volunteers are prohibited from contacting players directly through social media or electronic communication unless another adult volunteer or the player’s parent/legal guardian is copied.
- Volunteers are discouraged from interacting one-on-one with unrelated minor athletes in settings outside of local league program and activities (such as the volunteer’s home, a restaurant, a vehicle, personal communication including electronic communication).
- Players may not reside with unrelated volunteers for the purpose of participation qualification within the league.
- If a volunteer is in a position where he/she is left alone with a player, he/she should not leave the child so long as the volunteer has exhausted all of the options above to comply with the guidelines of the policy. Likewise, if a child is injured and must be transported to a hospital, urgent care, or treatment center, the volunteer should not leave the child alone if all options have been exhausted to comply with the policy in an emergency where medical treatment is necessary.
- Physical contact between volunteers and players should be very limited. Some examples of appropriate physical touch include high fives or administering appropriate first aid.
