

Clear Lake Falcons Booster Club Equipment Checklist and Acknowledgement

The equipment that we have provided to your child is some of the best equipment in the league. All our helmets and shoulder pads have been reconditioned by Riddell recently, are in good working order, and are not damaged. All of the equipment has value; and to keep cost down, it is necessary that we care for this equipment by regular maintenance and reconditioning. Your help is greatly needed to keep this equipment in good condition while it is in your possession.

Occasionally equipment is damaged in the course of football practice and games. That equipment will be repaired and replaced at no cost. If equipment damage, as judged by the Athletic Director, appears to be due to misuse, neglect or otherwise outside the scope of official football activities, you will be responsible for replacement cost.

In the case of theft, loss or failure to return equipment at the designated time, the player, and/or parent will be responsible for the replacement cost of the equipment. It is unacceptable to keep equipment in your possession from one year to another. Doing so does not allow us to properly account and recondition the equipment.

Full replacement cost is irrelevant of equipment condition, age, or circumstances of damage or loss. By signing below you understand that the care of this equipment, while in your possession is your responsibility. Once the equipment is returned, a full inspection will be completed and all damaged equipment due to misuse or neglect will be noted. We greatly appreciate your efforts in caring for the equipment.

I am accepting responsibility for the following items:

HELMET/W CHIN STRAP \$245.00
