

Dear Parents and Guardians.

The time for putting together our District All Star teams is getting close and we are excited to have a great showing this year. There are several things you need to know before agreeing for your daughter to participate.

1. To be selected for these teams is an honor and therefore requires commitment from those selected. WBLL does NOT require a player to choose between Little League vacation or church activities. However, WBLL DOES expect a commitment from both the players AND the parents. The All Star team may win the District Tournament. If this happens then that team will travel to the State Tournament. To win District and go to State is a HUGE honor and requires that parents understand that the team may be away from home for at least a week maybe longer if they win State (9/10s only go to state and no further). PLEASE understand that the commitment to the team is important at this point. To have any of our girls work hard to get to state and then be pulled away because someone with the team doesn't want to make the commitment to stay is disheartening to say the least and is not fair to rest of the team members who then have to give up playing because they don't have enough players to continue.
2. Fund Raising IS REQUIRED of ALL players on the All Star teams. This is to cover the cost of District play fees, Balls, Umpires and any other misc. costs. We try to make the fundraiser fun and effective, we have girls in the league too and want to make All stars as fun and cost effective as possible.
3. The complete information can be found under ALL STARS on WBLL.ORG Please make sure to go over the selection process and expectations of your player and you. If you have any questions, please don't hesitate to grab a board member and ask! We will do our best to answer them and work with you.

Once you have read through the expectations fill out the attached sheet letting us know your intentions.
