

## **Baseball and Softball Registration Policy <sup>1</sup>**

### **Procedure for Registration:**

-All registrations will be done online; [www.theoaa.org](http://www.theoaa.org)

If you need help with this, please reach out to the email address below.

-Each player's Parents and/or Guardians are responsible for using the website for registration and entering accurate and truthful information for each player. That includes any medical/allergy concerns that a coach or OAA representative should be aware of and the correct birthday/grade level.

-The OAA can refuse any registration or move players between divisions/ages as they see fit. If any change of division is not acceptable by the parent/guardian/player, they are subject to a full refund as long as the player did not compete in any games.

-Players wishing to move up an age level, can only do so if their parent/guardian is willing to coach the team and the skill level of the child is appropriate, or there is potential risk of injury or harm to other players if the player is left in the younger age level.

-Code of Conduct Infractions/Discontinuing participation: If a player has to be removed from their team due to a code of conduct infraction, they will not be refunded any of their registration dues.
