

Operation Standards and Resources

Operating standards and resources are created for the operational efficiency of the district. When appropriate, those documents requiring approval of the District Executive Board or the District President include the approval date and body granting approval

ASAP

All leagues are required to complete a safety plan annually. Failure to complete the safety plan on time (determined annually by Little League Int.), the following will occur:

1. The league will not be eligible to host any tournament or interleague games.
2. The district receives an incentive for 100% of the leagues completing the ASAP by the required date. If the district does not meet this incentive, the leagues that did not complete the ASAP by the required date will share the assessment to make up the lost revenue.
3. Example: If the incentive is \$600 and two leagues fail to meet the deadline, each league will be assessed \$300.
