<u>The Victors VBC</u>   General Info – 2020 ver. 1

<u>Program Change</u>: Beginning with the 2018 season, our club did NOT attend the MJVBA State Championships (normally the first weekend in June). In the foreseeable future, our program will end the weekend <u>before</u> Memorial Day Weekend. This decision was made after years of having to put together, last minute teams to participate in the Championships, due to players leaving the program early. Conflicts with the end of the school year and events like graduation parties have convinced us to end early and free up the holiday weekend for families and staff. If players are set on going to the MJVBA State Championships, we will release them to any other club.

Forms & payments: Your medical forms & a copy of your child's birth certificate should be uploaded to the website. If you have a challenge with this, bring them in to a training session and we will assist you. The Training Fee payment schedule is on the website.

Training sessions: Training sessions are setup by each Age Group Coordinator, sometimes as group stations and sometimes as individual team sessions by each coach.

Training Schedule: Can be found in the "Program Info" section of the website

Uniforms: Practice jerseys are <u>required</u> for all practices - that is why we give you two of them.
If players show up without a practice shirt, they will be given another <u>one and the cost will be added to your account</u>.

Game jerseys and Spandex will be available from your coach before your first tourney if you haven't already received them. Note: Jersey numbers are assigned by the club.

If program participants wish to purchase a hoodie, they will be available through the Victors Store for a nominal price.

If a parent or family member wants to purchase a Victors shirt or hoodie, an order form is available online.

** FYI: If you haven't already done so, please read your "Parent's Code of Conduct" – you will learn a lot about our club and tourneys. Also, have your child read the "Player's Code of Conduct".**
