IMPORTANT POINTS OF INTEREST FOR ALL PARTICIPANTS

- NGBSA Executive Board members, league directors and coaches are volunteers. These individuals are not paid for their service and contributions.
- Comments or suggestions regarding the operation of NGBSA should be directed to any Board member (contact information is posted on our website, NGBSA.org).
- All members of the Association are encouraged to participate in the operation of NGBSA. Parents, please participate/volunteer when your team or the Association needs you.
- Please support NGBSA by picking up litter and pulling the trash can liners at your field when they become full; replacement liners can be obtained at the concession stand. All parents, coaches, and guests should do their part in supporting a clean and safe playing environment.
- Coaches, please return all equipment/chalk machines/rakes to the storage buildings when you are the last team in the batting cage and/or last on the field, including rainouts. Also, if you are the last team on the field, please return the bases and field equipment to the appropriate storage boxes or as directed by League Directors and Commissioners. Bases should NOT be left on playing fields overnight for any reason. Base plugs should be used whenever bases are removed from the field.
- As a safety precaution, only ADULTS and/or children 14 and older will be allowed in the score stands. This rule will be strictly enforced.
- Open/Close – The Association will operate an open/close schedule for all days and nights for which sanctioned activities are held. This includes access to restrooms and other equipment and turning on lights. The Board will direct that access be given no later than one hour before the start of the first game, unless circumstances (e.g.

weather conditions) warrant otherwise. Earlier removal of items from locked facilities will not be granted unless directed by the Board. During holidays, spring break and other periods, the Association will not provide open/closes and access to equipment is not guaranteed, nor is field space promised to anyone. In these cases, board members and League Directors may make certain facilities available on a first-come first-served basis, under their own responsibility and subject to Board approval. Subject to availability, coaches have free access to the storage boxes underneath the score stands for basic equipment.

I. CODE OF CONDUCT (inclusive of, but not limited to, the following)

The following general rules apply to ALL participants and spectators in the confines of George Pierce Park and any other location at which team activities take place and will be enforced by local law officers.

- A. Forceful, oppressive, foul or abusive language will not be tolerated. After one warning from a league official, further infractions of this rule will result in immediate expulsion from the park.
- B. Parents, fans and spectators shall not coach from outside the playing field including the stands or the scorers' box during a game. Only coaches on the field and in the dugout may give instructions to players during games. It's hard for young athletes to perform in front of friends and family. It's even harder when parents, fans and coaches shout instructions at the same time. Parents and fans are free to offer words of encouragement and applaud good play. But parents and fans should not shout specific instructions to players on the field. Examples of such improper instructions include but are not limited to: "Run!", "Swing!", "Move up in the Box", "Get the ball!" or other such instructions regarding hitting, fielding or pitching. This policy will be enforced by the coaches, and the umpires present at the games. If you are asked by your coach or the umpire to stop and you continue, the umpires may eject you from the game and you will be asked to leave the playing and spectator areas until the game is over.
- C. If any manager, coach, parent or player is ejected from a game, he/she must immediately leave the playing and spectator areas. If a player is ejected from a game, they must sit out the next scheduled game and at the commissioner's discretion, with the vice commissioner's approval, the commissioner may impose additional penalties. If a parent is ejected, they shall not be allowed to attend the next game that their child plays in. If a coach is ejected from a game, he/she is automatically suspended from his/her next game unless otherwise directed by the Board. He/she will not be allowed to attend the next game. If any manager, coach or parent is ejected from two games, he/she must appear before the Board for a review of his/her conduct. It is the responsibility of the head or the ejected coach to report the ejection of coaches, players and

parents to his or her league director within 24 hours of the end of the game. Failure to report an ejection could result in the suspension being extended to two total games.

- D. Emergency, concession stand service, and others specifically authorized by the Board, are the only vehicles allowed beyond the parking lot, inside the general playing area.
- E. Any vehicle blocking vehicle entrances to the playing fields or parked on yellow curbs will be towed away at the owner's expense. Be sure to park only in authorized parking areas – law enforcement officials will ticket illegally parked cars. Cars shall not be driven into the field areas without express written permission from the Board and only for official Association business. Elderly/infirm parents and fans may request use of the Association golf cart at the main concession stand for assistance to and from the parking lot to the spectator areas.
- F. There will be absolutely no alcoholic beverages of any form allowed on park premises. There will be absolutely no tobacco products allowed inside playing fields, including, but not limited to, cigarettes, snuff, chewing and dipping tobacco. Coaches found in violation of this policy are subject to ejection/suspension. Smoking outside the playing field is restricted to a general area beyond 25 feet away from the playing field, batting cages, bullpens and team warm-up areas. Smoking is prohibited inside and within 50 feet of the concession stand and the grill area.

II. PRACTICE AND GAME SCHEDULES

- A. Practice may begin upon team selection following Assessment Day. Teams will have up to 2 scheduled practice slots per week before the season begins at George Pierce Park, subject to change by the baseball and softball commissioners based on field availability for that particular season. After the season begins, best efforts will be made to provide practice times, but no practices are guaranteed in any given week at George Pierce Park. Please respect the use of all facilities, including picking up trash before leaving.
- B. There will be at least twelve (12) games scheduled for each team during the Spring, typically one during each week, and one on each weekend. Makeup games will be scheduled on Sunday and other available days with a 48-hour notice usually given. The Board reserves the right to change these dates as circumstances warrant.
- C. In Fall ball, the commissioners may decrease the number of scheduled games to less than 12 games. The number of scheduled games in a season may also include games scheduled in an end of season tournament at the commissioners' discretion.
- D. The game schedules will be made available to head coaches no later than one week prior to opening day.

III. BATTING CAGE RULES

- A. For fields with only one batting cage, the Home team will take the cage for the first 25 minutes of the hour before a game and the visiting team will take it for the next 25 minutes of the hour. For fields with two batting cages, the home team will utilize the batting cage closest to the home team dugout, and the visiting team will utilize the batting cage closest to the visiting Team dugout.
- B. All batting cages are reserved one hour before game time for the two teams scheduled to play on the respective fields. Coaches will be responsible for coordinating use of the cage during their assigned time.
- C. At times when cages are not reserved, individuals will be limited to 10 minutes if a team or another individual is waiting.
- D. Only one cage may be used per team if another team or individual is waiting to use a cage.
- E. The following safety rules are to be adhered to at all times:
 - 1. Only one child in a batting cage at a time.
 - 2. All children must have a batting helmet on inside batting cages.
 - 3. Equipment should be placed in locations that will avoid injuries to other children (please do not place equipment in areas that are being used for warm-up).
 - 4. There shall be no swinging of bats outside of the batting cage while players are waiting in line. Bats must be always kept down unless the player is actively hitting in the batting cage with a coach, or if the player is actively hitting at another hitting station with a coach (i.e. Tee work or hitting weighted balls). It is the responsibility of the coach, the coaching staff, and all NGBSA members to enforce this rule to ensure the safety of all players.
- F. Softball is governed by Tri-County rules, and requirements may differ from the above. Please consult Tri-County rulebook for clarification.

IV. BULLPEN RULES:

- A. The Bullpen is designated for the use of the team that has a practice or game on the respective field at that time. If not in use by a team using the field, the team(s) scheduled to use the field next may use the bullpen. Masks must be always worn by catchers during bullpen use as directed by the umpires and/or in accordance with governing association rules.

V. GAME RESCHEDULING AND CANCELLATIONS:

- A. Rainouts/Rain Delays – The Executive Board, primarily through the President,

Commissioners, and/or Vice-Commissioners, is charged with the responsibility and authority to postpone or delay games for any reason. Neither coaches nor umpires can make such a determination, although their observations and judgment will be solicited. Umpires have control of the field subject to Board authority once a game starts and may delay a game at their sole discretion (e.g. if they deem the field unplayable). The Umpire in Charge will consult with appointed members of the Executive Board on the ultimate cancellation of play and, in the absence of an Executive Board member present at the fields, will act on behalf of the Executive Board at its direction. In the case of observed lightning, standard practice is to suspend a game and not resume it for 30 minutes after the last observed lightning strike. A Board decision may result in postponement and/or delays of selected games. All attempts to get as many games in will be made. The Board, in consideration of timely communication with coaches, parents, and players will attempt to call games as early as possible. However, due to limited opportunities to make up games, decisions to postpone games may not be made until game time. Members of the Executive Board - usually the President, Baseball Commissioner, and Softball Commissioner - will consult together to review the circumstances and make a determination of postponing or delaying games. The vice-commissioners will act in the commissioner's stead if unavailable for consultation.

- B. Canceled games will generally be rescheduled in the next available open slot, Sunday included, on their currently scheduled playing field(s). The Baseball and/or Softball Commissioner will reschedule the game in the appropriate slot and communicate that information to the umpire association and to the respective coaches.
- C. Sunday time slots will normally be as follows:

T-Ball and PeeWee 1:00 2:30 4:00 5:30

Minor and Major 1:00 2:45 4:30 6:15

Pony/Colt; Junior/Senior 1:00 3:00 5:00 7:00 9:00

VI. NGBSA RULES

League specific rules are maintained for each league and available on the NGBSA website, www.NGBSA.org. To find specific league rules, go to the NGBSA website and choose Sports, then Rules for Softball or Baseball. NGBSA Softball is ultimately governed by Tri County rules, the most current Tri County Rulebook is available on the NGBSA website and is also available by asking the Softball Commissioner.

For any rule questions please contact the appropriate league director and/or the commissioners. All-Star and draft policies are subject to change based on seasonal requirement as determined by the commissioners; if changes are made in the draft policies, you will be notified in writing prior to the draft.

- A. All players must play a minimum of every other inning during regular season

play.

- B. If a child misses practice repeatedly, the following procedure should take place:
 - 1. The coach should contact the parents to determine the situation.
 - 2. If the coach cannot resolve the situation, the coach should contact the League Director to discuss the situation.
 - 3. The League Director will contact the parents to discuss the situation and options available.
 - 4. In the event an agreeable solution cannot be reached, the Coach/League Director should contact the Baseball/Softball Commissioner who will be responsible for facilitating a final resolution amongst all parties involved. The Vice-Baseball/Softball Commissioner may serve in the Commissioners stead in the event the Commissioner is unable to attend to the situation in a timely manner.
- C. The Protest Rules are as follows:
 - 1. An umpire's judgment call cannot be protested.
 - 2. Only the team manager/head coach or the acting team manager/head coach shall be entitled to file a protest.
 - 3. A \$100 protest fee will be assessed against the protesting manager for all protests filed. This fee must be submitted via check made payable to NGBSA, along with the written protest, and given to the league director or commissioner. In the event the protest is disallowed, the fee will be forfeited. If the protest is upheld, the fee will be refunded.
 - 4. Protests that will be accepted for consideration must involve a violation of playing rules or the use of an ineligible player.
 - 5. The protesting manager shall notify the umpire that he/she is protesting the play before another pitch is made. The umpire shall announce that the game is being played under protest; however, failure to do so shall not affect the validity of the protest.
 - 6. The protesting manager must then submit his/her protest in writing to the appropriate League Director within twenty-four (24) hours.
 - 7. A protest on the grounds of player ineligibility must be filed with the Baseball/Softball Commissioner within twenty-four (24) hours.
- D. The game is official when the scheduled time has expired and the current inning is completed (or completion of the half-inning if the home team is ahead). No new inning may start within the last five minutes of the scheduled time period. For the Rookie, T-Ball, PeeWee, Minor, and Major leagues only, if both teams have the same number of runs at the end of the scheduled time period, with both teams having batted the same number of innings, the game will end in a tie and be recorded as such in the league standings.
- E. Games delayed for 45 minutes may be canceled by the President,

Commissioner, or a Board member that has been given appropriate authority and rescheduled for the next available date/time slot. The subsequent game(s) scheduled for the remainder of the current day should be played if possible. The Baseball/Softball Commissioner, and/or Board member on duty, is authorized to rearrange the remaining games to ensure timely completion of the overall day's schedule.

VII. REC TEAM FORMATION

Prior to the beginning of the season, each League Director will host a Skills Assessment for all players, followed by a draft.

- A. **Baseball Skills Assessment** - The purpose of skills assessment is to ensure all teams have a balanced roster of player talent throughout the league. Designated age groups will have the opportunity to participate in skills assessments prior to the player draft. All NGBSA players are required to attend the Skills Assessment. Exceptions to this rule may be made by individual League Directors on a case-by-case basis.
 1. **Rating Process** - During the Skills Assessment, coaches will rate each child and record his/her ratings on the NGBSA Skills Assessment Form. All questions should be directed to the League Director facilitating the skills assessment process. Players that cannot attend the Skills Assessment will be assigned a score as determined by specific league rules.
 2. **Assessment Forms** - Skills Assessment Forms will be immediately collected by the League Directors at the conclusion of the assessment process and submitted to the appropriate Commissioners. The Commissioners will ensure all ratings are encoded to arrive at an average for each player, with pitching ratings counting per League rules.
 3. **Undue Influence** - Any head coach or assistant coach that discourages a player from attending the Skills Assessment, or that discourages a player from doing their best at the Skills Assessment, will be removed from their position, and suspended from coaching for the remainder of the season.
 4. **Softball Skills Assessment** - The softball assessments will consist of a neutral observer as determined by the softball commissioner who will rate the skills of the "frozen" players only. The skills assessments of the frozen players will be immediately collected by the softball commissioner.

5. **Draft** - Following the Skills Assessment, at a time and place designated by each League Director, a player draft will be held and attended by all head coaches. Head Coaches will be allowed to have one assistant coach accompany them to the draft. Absolutely no children are allowed at the draft.

a. **Draft Order** - The draft order for each league will take place as follows: Each team will be assigned an initial score based upon the combined score of the players frozen for that individual team. For each round of the draft, the team with the lowest combined score will draft first, followed by the team with the next lowest score, and so on until every team has drafted. This draft order will continue throughout the draft, until all teams have the same number of players. Once there are less players than teams, the final few players will be drafted based on league specific rules.

b. **Freezes** - The number of freezes allowed in a draft will be determined prior to the beginning of each season by the Baseball & Softball Commissioners. At a minimum, the Head Coaches child and the Assistant Coaches child will be counted as freezes for each individual team.

1) **Siblings.** In cases involving brothers/sisters, the Coach with the highest rated brother/sister will keep that player and trade for the lower rated brother/sister with a player of equal rating.

2) **Late Sign-ups.** Players that sign up after the draft has been completed will be assigned to the team in line for the next draft pick.

c. **Softball Draft Order** - The ratings of the frozen players will determine the draft order as follows: the team with the lowest rated frozen players will have the first pick in the draft, followed by the second lowest rated frozen players, and so on with the team with the highest rated frozen players having the last draft pick.

VIII. COACH SELECTION

All coach selections will be reviewed by the baseball/ softball commissioners, vice-commissioners and league directors, and approved by the NGBSA board. Coach selection criteria shall be as follows:

- A. The NGBSA Board will approve and appoint each coach upon recommendation of the appropriate League (Baseball / Softball) Commissioner and Vice Commissioner. Any Board member who is recommended shall recuse themselves from the approval process for the position that they were recommended for.
- B. All applicants for coach positions (head and assistant) must be in good standing with the NGBSA Board to apply. Head coaches will select and present their desired Assistant Coaches to their League Director who will review each selection with the Baseball/Softball Commissioner. Final approval will rest with the NGBSA Board. All Assistant Coaches must complete the volunteer registration form before final approval. It is the Head Coach's responsibility to ensure that the Assistant Coaches are properly registered as volunteers and approved by the Board.
- C. All applicants for coach positions (head and assistant) must complete an online application form and acknowledge the NGBSA Coaches Code of Conduct form at registration.
- D. All coaches and assistant coaches will be required to sign a statement allowing a background check. Anyone convicted of a charge involving Moral Turpitude will not be considered for a coaching position.
- E. Applicants for head coaching positions should have at least one season of experience as an assistant coach, except when selecting coaches for Tee Ball and Rookie Ball.
- F. If there are a greater number of applicants than head coach positions, the following criteria shall be used by the Commissioners in selecting the coach to be presented to the Board for approval:
 1. NGBSA Board members and League Directors will have first priority.
 2. Applicants with one or more years' coaching experience with NGBSA will have second priority. Coaches with negative reviews from previous seasons will not be given priority over other applicants.
 3. Applicants who coached last year will receive third priority. Coaches with negative reviews from previous seasons will not be given priority over other applicants.
 4. Applicants with one or more years' coaching experience with another association will have fourth priority.
 5. First-time applicants will be required to provide references from their previous association. Unsatisfactory references will disqualify an applicant

for a coaching position, subject to case-by-case review of the Baseball/Softball Commissioner with final approval by the Board.

IX. ALL STAR SELECTION PROCESS AND TEAM FORMATION

- A. The All-Star coaches will be chosen as follows:
1. All-star coach candidates shall submit an application to the Baseball/Softball Commissioners by March 15th. The Commissioner, Vice Commissioner and League Directors will make final selection of the All-Star Head Coach position by March 31st, subject to NGBSA Board approval.
 2. The All-star Head Coaches will be approved by the Board prior to Spring Break. Board approval of All-Star coach selections, to include Assistant Coaches, will be based upon, but not limited to, prior suspensions, documented complaints, sportsmanship, and undue influence.
 3. If a coach has been ejected from a game twice during the regular season, he/she will be automatically disqualified to be an all-star coach.
 4. If an All-Star coach is ejected twice from All-Star games, he/she will be relieved of his/her position and be replaced by a remaining Assistant Coach.
- B. The All-star Head Coach will hold a series of player assessments prior to selecting players for their roster. There will be an open tryout available to all registered NGBSA rec players. Players must try out for an All-Star team in the division they are currently enrolled in. For example, a child playing "Up" in pee-wee, is not allowed to try out for a 6-year-old All-Star team, even if they are age appropriate for the level. However, they may try out for an age group above theirs if prior approval has been given by the Commissioners.
- C. The All-star Head Coach shall select up to 12, but no fewer than 10 players from their division and submit their roster choices for the all-star team to the League Director for approval and submission to the Commissioner and the Board for final approval. The All-Star coach may finalize their roster at any point after Spring break, as long as an open tryout has been completed. Practice may begin as field space allows, but space may not be taken from existing teams practice schedules.
- D. In order to be compliant with Tri County Rules, the softball All Star teams will not be allowed to begin practicing until the end of the regular season or May 1st, whichever comes first.
- E. Alternate players are not allowed. However, permanent players are allowed to be added if an originally selected player is no longer able to participate in the All-Star season. Selection will be determined by the All-Star head coach, to be

approved by the Baseball/Softball Commissioners.

- F. If NGBSA elects to host a Travel Tournament at George Pierce Park, and NGBSA Teams are participating in the tournament, then each NGBSA team participating in said tournament shall supply at a minimum 1 volunteer from each team to assist with preparing the fields the day prior to the tournament. Contact info for the volunteers shall be supplied to the Tournament Director at least 48 hours prior to the first day of the tournament. The Tournament Director shall coordinate all work activities to take place to get the fields ready.

X. FALL SELECT TEAM FORMATION

- A. The current Spring all-star coach will be approved (no new vote needed) to continue coaching in a "Select" format in the Fall. The team will consist of spring/summer all-stars to participate in Sunday only tournaments.
- B. All players from the All-Star team will be invited to return, no one can be cut. If a player chooses not to participate, they may be replaced with a player who played NGBSA recreational baseball in the Spring. If a player did not play recreational baseball in the Spring, they are not eligible to participate. Select players are encouraged but not required to participate in recreational Fall baseball.
- C. Select will be afforded 1 practice per week (more if the schedule allows), as this program is designed to supplement rec baseball, not replace it.
- D. The select team will end at the commencement of Fall baseball, as a new All-Star team will be selected the following Spring.
- E. Select Team Participants will pay a lump sum registration fee to NGBSA at an amount to be determined by the board for that specific season.

XI. NGBSA TRAVEL BALL COACH SELECTION

- A. The NGBSA Board will approve and appoint each coach upon recommendation of the appropriate League (Baseball / Softball) Commissioner, Vice Commissioner, and Tournament Director.
 - 1. **Baseball:** Baseball Commissioner, Baseball Vice-Commissioner, and Baseball Travel Ball League Director shall convene as the Travel Coach Selection Committee and will recommend all coaches each year to be voted on and approved by the board. A board member must recuse themselves from voting on a team involving themselves as a coach or another team/coach in the same age group. All current or prospective coaches will be required to complete a coach's application each year. The application period will be from May 15th to May 31st. The Committee may request personal interviews of candidates at its discretion. Travel baseball

teams are approved during the summer and are approved through the following Fall/Spring seasons.

- a. Baseball will support the following number of teams in each age group:
 - 8U - 1 team
 - 9U through 14U – up to 2 teams in each age group.
 - b. The number of teams each season is subject to change by the Baseball Commissioner, Vice Commissioner, and League Director based on factors for specific years. Only 1 new team in each age group may be approved each calendar year.
2. **Softball:** Softball Commissioner, Softball Vice-Commissioner, and Softball Travel Ball League Director shall convene as the Travel Coach Selection Committee and will recommend all coaches each year to be voted on and approved by the board. A board member must recuse themselves from voting on a team involving themselves as a coach or another team/coach in the same age group. All current or prospective coaches will be required to complete a coach's application each year. The application period will be from May 15th to May 31st. The Committee may request personal interviews of candidates at its discretion.
- a. NGBSA will support a maximum of 4 travel softball teams per season. The number of teams each season is subject to change based on factors for specific years as determined by the travel selection committee.
- B. The following information will be used to choose the most qualified Travel Coach candidate(s) for all age groups.
1. Must be in good standing with the NGBSA Board.
 2. Must be qualified to coach at this level (prior coaching experience in All Stars and/or Travel Ball Program, higher level baseball, playing experience is a plus).
 3. The Coach's son/daughter must be qualified to play at this level, as determined by the Travel Coach Selection Committee.
 4. Number of coaching years in NGBSA will be considered. A minimum of 2 seasons as a Head coach is required.

5. Number of coaching years in NGBSA for All Stars or Travel Ball will be considered.
6. Number of coaching years at other parks will be considered.
7. If a travel coach is ejected twice from games, he/she will be relieved of his/her position and be replaced by a remaining Assistant Coach.

XII. NGBSA TRAVEL TEAM FORMATION AND RULES

- A. At least 50% of the team's roster of players must reside in the North Gwinnett High School district or must have played in the GPP for the previous 2 recreational seasons. Failure to uphold this standard may result in the removal of the team. There will be no 7-year-old Travel Baseball and Softball teams out of NGBSA. However, players are allowed to try out for and play on an older age group team.
- B. An open tryout (visible to all NGBSA members via social media) is required in the formation of an NGBSA sanctioned travel team, as well as each subsequent year after approval/renewal. No tryout or closed tryouts are not allowed. Private/closed tryouts are allowed once an open tryout has been completed. If at any point the team cannot uphold the 50% local player standard, an additional open tryout will be required to fill remaining roster spots.
- C. Background checks for all travel coaches are required every full calendar year.
- D. Head coaches are subject to mandatory pitch count reporting to the Commissioners and Travel Director. Pitch counts for all pitchers are to be reported within 72 hours following the commencement of the last tournament game played that week/weekend. MLB pitch smart guidelines ([Pitch Smart | Guidelines | MLB.com](#)) will be strictly enforced regardless of the rules imposed by the organization hosting a tournament in which a NGBSA team is playing in. Any coach who does not follow guidelines or reporting are subject to discipline and/or removal as recommended by travel selection committee and pursuant to board vote. **(Baseball Only)**
- E. Established Travel Teams (more than 1 year) should participate in a AA (Or Equivalent) Classification or better. (Teams currently operating as an exception to this rule should be evaluated by the Travel Committee to make a fair and unbiased decision on whether to allow this team to continue.)
- F. Teams will be required by the league to fill out an end of season survey for each head coach, to be visible to the board, as this will be part of the criteria used in determining their status for recommendation the following season.
- G. Travel teams will be offered 2-3 practice opportunities per week in the Spring, and 1-2 opportunities in the Fall, as decided upon by the Commissioners and subject to change each season based upon field availability.
- H. Travel Teams/players will be required to register through NGBSA and will pay a lump sum registration fee to NGBSA each Fall to cover both Fall and Spring

seasons. Fee will be determined by the board, and subject to change based on requirements of that season.

- I. If NGBSA elects to host a Travel Tournament at George Pierce Park, and NGBSA Teams are participating in the tournament, then each NGBSA team participating in said tournament shall supply at a minimum 1 volunteer from each team to assist with preparing the fields the day prior to the tournament. Contact info for the volunteers shall be supplied to the Tournament Director at least 48 hours prior to the first day of the tournament. The Tournament Director shall coordinate all work activities to take place to get the fields ready.

XIII. COACH EVALUATIONS

- A. All coaches and parents are strongly encouraged to complete an end-of-season online Parent Survey and Coaches Evaluation Form. The information provided on these forms is confidential and will be used as a reference tool in determining future coaching positions. Negative evaluations could affect a coach's future NGBSA coaching opportunity. Coaches are responsible for ensuring that parents of all players on the team complete an online coach's survey at the end of the season.
- B. Coaches and coaches' spouses are not permitted to discuss with parents any aspect of the evaluation process other than to encourage parents to participate in the survey. ANY COACH OR ANY PERSON ON BEHALF OF A COACH WHO ATTEMPTS TO OBTAIN FROM ANY PARENT THE SUBSTANTIVE RESPONSES THAT MAY HAVE BEEN MADE ON THE SURVEY SHALL BE SUBJECT TO SUSPENSION OR EXPULSION FROM NGBSA. A response of less than 75 percent of a complete team in filling out a coach evaluation survey may adversely affect future coaching opportunities for the head coach.

XIV. Equipment

- A. League Directors are responsible for working with the Equipment Manager to develop and communicate an equipment pick-up and return schedule.
- B. Coaches are required to submit a security deposit of \$250 (\$50 for hitting tee only) to check out equipment. The security deposit is held by the Association and returned when the coach returns all assigned equipment. NGBSA reserves the right to cash a security deposit if equipment is not returned as scheduled unless other arrangements have been made with the Equipment Manager or if equipment is not returned within 30 days following the completion of the spring/fall season. Coaches must return all baseball/softball equipment in accordance with the equipment return schedule, as determined by the Equipment Director. All equipment must be checked in by the Equipment Manager or his/her designee. If the head coach cannot attend the date established for returning equipment, he/she should make every effort to have another responsible adult (assistant coach, spouse, team parent, etc.) return the equipment or contact the Equipment Manager to arrange an alternative time for turning in the team equipment. The alternative return should occur within one week of the originally scheduled date. Missing equipment is the sole

responsibility of the team Head Coach and must be replaced at his/her expense. Failure to turn in or replace lost equipment will affect the responsible coach's opportunity to coach in the future. Equipment shall not be removed, swapped, or replaced from or within the equipment building at any time without the knowledge and approval of the Equipment Manager. Coaches may purchase "extra" chinstraps, etc. at their own expense.

XV. Sponsorships

- A. Sponsorships for each team are recommended by NGBSA.
- B. Team sponsor checks should be made payable to NGBSA.
