

Greetings

The BYC Raiders are a family and community driven non-profit organization that can only achieve our goals with generous assistance from members of the community. Continuing to serve not only the youth but also others in the community remains of utmost important to us and without those donations, it would not be possible.

We are committed to serving our community and a lot of what we do in and outside of sports, relies on the generosity of individuals in our community. BYC's ultimate goal is to reach \$10,000. We ask for members of the community to consider a donation to help our cause. Donations can be made in any form, not just money. Examples are food, football equipment (helmets, shoulder pads, blocking sleds, blocking and hitting pads, etc.) We hope that you will support our efforts and the youth within the York City Community.

Through sports we encourage discipline, self-esteem, physical fitness, fortitude, sportsmanship, and most importantly EDUCATION. We offer a safe environment filled with trained, dedicated and experience leaders. These are just some of the tools we use to influence our youth in a positive way. We are confident that with your support, we can help our families continue to grow in a safe environment and have a positive influence for many years.

Continued growth of an over 70 year tradition (Boys Club of York)!

“Turning today's youth into tomorrow's leaders.”

BYC is a youth organization with a long-standing history in York City over 70 years to be exact. Although BYC has amassed countless county championships throughout the years, that has always been secondary to us as an organization. Our first priority always has and will be, to provide a safe haven for our youth while providing the added structure and developmental assistance needed through the use of athletics.

It is our strong belief on family and instilling core values that has allowed us to be the longest standing youth program in York City.

Below is BYC board contact information, Thank you for the support!
