

Thank you for taking the time to support a youth program that has been a part of York County for 74 years. The BYC Raiders are a family and community driven non-profit organization that can only achieve our goals with generous assistance from members of the community.

Although BYC has amassed countless county championships throughout the years, that has always been secondary to us as an organization. Our first priority always has and will be, to provide a safe haven for our youth while providing the added structure and developmental assistance needed through the use of athletics.

We are committed to continuing to serve not just our family members but anyone in need in York, PA. While we have registration costs and fundraisers, a huge part of how we are able to support important initiatives outside of sports is by individual and business contributions. This is why we are launching this fundraising campaign.

Our ultimate goal is to reach \$10,000. We ask for members of the community to consider a donation to help our cause. Donations can be made in any form, not just money. Examples are food, football equipment (helmets, shoulder pads, blocking sleds, blocking and hitting pads, etc.)

Over the last few years we have put huge emphasis on replacing and upgrading all of our protective and safety equipment, as that was our main priority. Now that all pads and helmets have been replaced we are looking to move to our next phase, which is to upgrade our training equipment and uniforms. We hope that you will support our efforts and the youth within the York City Community.

Through sports we encourage discipline, self-esteem, physical fitness, fortitude, sportsmanship, and most importantly EDUCATION. We offer a safe environment filled with trained, dedicated and experience leaders. These are just some of the tools we use to influence our youth in a positive way. We are confident that with your support, we can help our families continue to grow in a safe environment and have a positive influence for many years.

We will continue to serve not only the youth but also others in the community. That remains of utmost important to us and without your donations, it would not be possible.

It is our strong belief in family and instilling core values that has allowed us to be the longest standing youth program in York City. Become a part of the BYC FAMILY and the growth of an over 70 year tradition (Boys Club of York)!

“Turning today's youth into tomorrow's leaders.”
