Amanda Klomprens, Recreation Coordinator – amandak@hct.holland.mi.us

The Holland Township Parks & Recreation Departments launched a new department wide website with the generous support of Dick's Sporting Goods on January 1st, 2018. On the new website you will find recreation programming information (schedules, field locations, etc.), new online registration system, volunteer & coaching opportunities, staff contact information, social feeds and more!

The new online registration system to register for recreation programs & special events is all account based. Each family/household should create an account if they have not already done so.

How to Create an Account with www.HollandTwpRec.com

- 1) Visit www.hollandtwprec.com
- 2) Click on the "Register" button in the upper right hand corner of the home page.
- 3) Follow through the prompts to create a username, password, etc.
- 4) Following this you will be able to add in head of household users, parents, children, etc.
- 5) Be sure to fill out the forms completely with as much information as possible for all household members.

The new online registration system will show all programs that each household member is able to register for at this time. The system is all birth date based. If you have a special request, circumstance, etc. please contact the Holland Township Recreation Department directly.

Please note that all registrations will be going through the online system whether you are registering online from home or registering here in the office. Everything will go through this system!

QUESTIONS !?!

Be sure to contact Holland Township Recreation at 616.395.0178 with any questions regarding the new website and online registration system transition.
