### RULES AND REGULATIONS

- **United States Volleyball Association rules apply to all league play unless otherwise specified.**
- **Rosters** – Rosters must be turned in by the start of the season. However, you may add to your roster throughout the year but only if approved by the league director.
- **Age Eligibility** – any female high school student will need to be approved by the league director and the athletic director of their high school before being allowed to participate. These same students must also fill out a state mandated concussion form before being allowed to participate. Allowing high school students to participate will ultimately be under the discretion of the league director
- **Scoring** - Rally scoring will be used. In games 1, 2, & 3, the first team to 25 is the winner. For game 4, the first team to 15 is the winner. The winning team doesn't have to win by two points.
- **Warm-up Time** - Teams playing in the first match of the night must have their warm-ups on the court completed before game time. No more than five minutes is allowed for warm-ups on the court in between games unless the official says otherwise.
- **Forfeits** - Match time is forfeit time. No grace period will be given. After 10 minutes the second, third, and fourth games will also be counted as forfeits. If it is necessary to forfeit a match, please call us so we can contact the other team. Teams must have five players that are on their roster to participate.
- **First Serve** - The first team listed will serve the first and third games with the second team listed serving the second and fourth games. Each team will play the first and second games of the match on one side and then switch for games three and four. An initial coin flip will determine sides.
- **First Pass** - The first pass of a serve must be a legal volleyball play. However, a player may not block the opponent's service.
- **Raised and Lowered Backboards** - If a ball hits a backboard and stays on your side you may play the points out. If a ball hits the backboard and crosses the net to the opponents' side, this will result in a point/side-out for the opponent.
- **Walls & Railings** - If a ball hits the wall or railing then it will be called out with a point/side-out being awarded.
- **Timeouts** - Each team is allowed one time per game. Each timeout is 60 seconds

- **Ghost Players** - This rule applies to Women's Division I, only...a team playing with only five players will be required to play with a ghost player. This means when the ghost player rotates into the serving position, your team forfeits that serve.
- **Substitutions** - For Women's Division I, only...a substitute may enter the game an unlimited amount of times in the position of a teammate and can only be replaced by the same teammate. **All other leagues may rotate in a circular rotation on a side out.**
- **Ejections** - Players that are ejected from a match will have the incident reviewed by the director as to if and when the player may play again.
