- G. If a non-regulation game is halted by the umpire before it has become a regulation game, the umpire shall declare it a suspended game. A suspended game must be played from the point of suspension.
- H. A rainout, suspended, or postponed game will be rescheduled by the commissioner within 7 days without regard to the current schedule.

7. PROTESTS – There will be no protests. Settle dispute on the field.

8. PLAYOFFS

Playoff pairings will differ each year based on the number of teams in the league and the numbers of divisions the teams are divided into. The #1 seed will always play the lowest seed in the 1st round unless the #1 seed receives a bye. After each round, the remaining teams will be re-seeded. This means that the highest remaining seed will continue to play the lowest remaining seed throughout the playoffs into the championship game. In certain instances (ie. a league with one division and either 5 or 9 teams), the 1st round of the playoffs may consist of the two lowest seeds playing to determine which team will face the #1 seed in the 2nd round.
- B. The start of the playoffs will constitute a new pitching week.
- C. The pitching rules for the playoffs are the same as for the regular season except that a 9 year-old pitcher does not have to be used during the playoffs.
- D. Managers must report their pitching, call-ups, and scores to the commissioner that same day of the playoff game.
