If you are a coach, your son does NOT need to tryout.

Each kid only needs to bring a glove and must be in street shoes. No **CLEATS**. We will have bats for the kids when they enter the hitting station that are Little League approved and we are asking that you do **NOT** bring a bat into the facility.

Once you enter the facility a member of our board will direct the player to the check in area where they will wait until it is their turn. We are going to ask for parents to remain in the parking lot as tryouts are closed, but more importantly there is not space to accommodate parents.

Thank You
